

Anthony B. Kinnard

October 16, 1935 - February 17, 2021

Kinnard, Anthony Brooke October 16th 1935 - February 17th, 2021. Born in St Paul. He lived most of his life in Minneapolis and Eden Prairie. Tony was in business for himself most of his working years, a car jockey, owner of sandwich and coffee shops, and also owned his own brokerage firm in the '80's. He was a graduate of University High 1953 and attended the U of M. Of his 85 years in this world Tony said he had no regrets, checked all the boxes and filled in all the blanks. An award winning Navy photographer, world traveler/adventurer, sports car, motorcycle, and boat racer, sailing instructor, and coach to his kids. Father to three: Angus, Andrew and Elizabeth who were the apple of his eyes. He was also mentor, husband and best friend to Missy for 44 years. Wisdom and thoughtful advice were passed on always with the right words at the right time. A very lucky guy with an uncanny card sense he could be a profitable gambler who knew when to get out on top, much like how he left this life. He was an engaging storyteller who was never without one from the annals of his own varied experiences. He was an animal lover and was kind, and kindest to those most needing it. Tony could be laugh out loud funny, but was really at his best with his keen observation of the laughably obvious. A private memorial service will be held on Saturday at Washburn McReavy in Eden Prairie. There will be a video of the service posted on his Facebook page after. Tony would want donations in his honor to go to the donor's choice. Washburn-McReavy.com Eden Prairie Chapel 952-975-0400

Comments

Dearest Missy,

I am so saddened and stunned to hear of Tony's passing. My heart hurts for you and your beautiful family at this great loss of their father and your sweet husband. Tony was a gentle, caring, funny and gracious man. I'm so sorry for your loss. May St Joseph, the Patron of the families, hold you all close.

Rest in peace Tony and may the perpetual light shine upon you.

Amy Ellis

PS I'll always remember the first time I met Tony - It was at Daytons 1978 (I think). You and Tony were so very excited as you had just decided to get married. My sister Kerry and I were also excited because we had just decided to move to New York. It was a chance meeting between us but has always stayed with me.
