“ Deepest sympathy to the entire Hanuman family. I have known my dear friend Doorga for almost 20 years we go back to the old building 17 2 south night shift at the Minneapolis veterans home. My first night on the job there Doorga was my night nurse and here he came smiling greeting me with his white coat on looking like a doctor and introducing me to other coworkers and telling jokes and making me feel welcomed right away that's what was so special about Doorga is he always took charge and always would light up a room with his big personality. Him and that white coat all the residents always thought he was a doctor in it, which it didn't matter either way he was so kind and caring and compassionate in taking care of the elderly. All the residents loved Doorga they always said that Doorga he is the best nurse and I would say yes Doorga's the best he had great bed side manners even to some of the more challenging residents he never gave up caring for anyone. He just had that special gift of caring about people and making people laugh and I think if he wasn't a nurse he would of made a great comedian. And Doorga and that damn homemade hot sauce he always wanted everyone to try it and mostly everytime someone tried it there was always a story behind it like the first time I tried Doorga's homemade hot sauce I swear I lost 5 pounds that one weekend and one nurse he drank literally 8 glasses of water after trying Doorga's sauce and one night at work we had a new girl start and Doorga brought in pizza and he gave some of his homemade hot sauce to the new girl and the next night she never came back to work so we never knew to this day if it was Doorga's hot sauce that made her quit or not. Oh my gosh the fun times with Doorga over the years and him and that Amazon ordering things all the time. I swear Doorga was Amazon's number one customer he was always showing me what he bought what he was going to buy and don't forget what he wanted to buy. That's what was great about Doorga he was so full of life. He was always working in his house remodeling it all the time. Him and his wife and kids always going on road trips together every summer. He loved to go fishing with his brother or cousin, he always was doing something outdoors. He would tell me over the years my cousins getting married my cousins cousin is getting married my nephew is getting married my niece is getting married someone in Doorga's family was always getting married and he was so excited about it and when he came back to work after a weekend off Doorga was limping and I knew Doorga loved music and he loved to dance and I knew that was a good wedding because you could tell he danced his butt off at the wedding. He was so full of joy and he loved and cherished his wife and 2 daughters so very much and his entire family and all of his friends. Everyone loved Doorga. My heart is so heavy right now for my friend Doorga. I will truly miss talking to you and hearing your voice and all your jokes and your laughter my friend. Thank you Doorga for making me a better and more caring person over the years. I am and will always be so proud that I got to meet you and know you and work side by side with you for so many years. I will miss you so much my friend and I'm so sorry your life was cut so short from us. I really am truly honored to have known such a great guy

Doorga.
Sincerely,

“ We are indeed saddened by the loss of our cousin, Vishnu, whose life left us with footprints of love, kindness, compassion, generosity and humor. The days of life never seem to be quite fulfilled and the time for us never seem to be right. Yet we know that our days on earth are limited. When hearts are breaking and sorrow floods the mind, may you find hope in the extravagant love of the Lord Jesus Christ, the light of the world, who walks beside us in the midst of the storms of life. May the Lord provide His strength for each moment and continue to carry you. May He give you comfort as you recollect the precious memories of all that Cousin Vishnu has meant and hold each other close. With our sincere condolences. The Beharry Family.

“ Durks Willy Wonka walla ! For that was what I was introduced to as your name 25 years ago! I'm going to miss your text messages and calls; you were one of a kind my friend. And if anything I learned from you and Devi; was how to love. Boy did you both love each other so much. I did witness that when I lived with you guys for a bit. My kids are going to miss all the car fixing and tigar bites you gave them. You may be gone, but not forgotten. You fight so hard to over come this nasty thing called covid. But that battle was taken from you bro. Sleep now; travel go see the lights with your mommy. Devi and the girls will be ok. Take care now sleep well. Until we meet again

“ Sending our sincere condolences to the Hanuman family from Azim and Yvonne Bacchus. Azim grew up in Rose Hall about a block away from the family home and knew the family well. He also played cricket with some members of the family in Minneapolis. We got to know Hema (and Ramesh) as friends even though we have not gotten together often these days. Doorga is at rest in God's hands and may that same God give comfort and peace to the family especially during this difficult time as they grieve.

“ The Hanuman family is one of the most eminent and distinguished families of Rose Hall Village / Rose Hall Town. They have been very successful in such diverse businesses as rice millers, gas station, and trucking. Nearly all the children attended Corentyne High School in Guyana. One of the boys was my classmate at CHS. Over the years it has been my good fortune to know many of the Hanuman children. I met Doorga many years ago at a reunion here in Minneapolis and also at a wedding of one of the Hanuman boys. Today as they grieve the loss of Doorga I express my deepest sympathy to Doorga's wife and children and all relatives and friends. May Doorga rest in peace for evermore.

“ My name is Carine Sanyi and I was Doorga's nursing supervisor for the past 8 yrs. Doorga's passing comes as a big loss to our Veterans Home family especially 21-1 where he was the primary nurse for the night shift. Our hearts are broken, words can't explain.

Doorga was an exceptional nurse. He was indeed perfect. Very hardworking. Loved the residents and the team, great leader, respectful, honest and lots of integrity. His Humor and funny jokes will be missed. He will always share with us his nice pepper that he said his brother made. I still have the last bottle to use.

Doorga loved his family so much. His wife and daughters meant everything to him. He looked forward to family vacations and will show us pictures upon return. He was so proud of his daughters going to college and always addressed his wife as his best friend.

This is a bitter pill to swallow but I guess Doorga will want us to be ok. As it is said, there is time for everything, a time to be born, and a time to die.

My sincere condolences to the Wife, 2 daughters and entire family. My prayers to you all.

Thank you
Sincerely
Carine Sanyi
