“ Harry & Carole +plus their smashing sons were our FUN neighbours for a year. When Harry did his teaching exchange. We had them all to dinner introduced Harry & Carole to our friends and Mark to Toad in the Hole! Other adventures too numerous to mention. A forever friendship.

“ Harry was a wonderful man, as well as Carole. I am blessed to know them both. God bless.

“ Hello Dixon Family,
I first encountered Harry when I dated Bryan briefly during our senior year in high school. (I'm the one in the green prom dress!) I was always a little intimidated by Harry when I was over at your house back in 1990, probably because I didn't get to know him at all. As luck would have it I ended up teaching at Armstrong and who did I encounter but Harry? He remembered me right away, which really surprised me.

Whenever he saw me he treated me with such kindness, asking how I was faring as a new teacher and in life. He gave me little updates on your family and I could tell how proud he was of his kids. I really enjoyed it every time we ran into each other and got to chat. I know that he was well liked and well respected here at Armstrong and was missed after his retirement. My deep condolences to you on your loss.
