“ Jeff, I remember so many fun and loving times we had growing up when our families would get together for family visits at our house or yours in Roselle Park. Our parents were not just sister, brother and their spouses, but they became very close friends for all their lives. When you moved to Minnesota we missed you but were happy at the same time because you loved it there. I'm glad you were able to see almost everyone here last September when you came to NJ for your reunion. I am glad you had such a happy life with Lori. We love you and miss you already. I pray you are with your departed loved ones. Love you always Jeff! Cousin Sherry
