“ Joan was a warm, wonderful woman who loved people. Everything she did and the way she lived her life was for others. She had a soft voice and would refer to a loved one as "honey". She did so many wonderful things for so many people through the years. I have no idea how she raised two beautiful girls by herself. It appeared that she liked to give them the best of what she could. She was not only someone who was such a beautiful soul, she was someone you could really look up to and confide in. She loved to entertain and held many fabulous gatherings at her home in her wonderful style. One of my favorite memories of her was all of the over the top cakes she made. She made a cake for my brother and I which was shaped like a rat (our pets at that time being white rats)...it had coconut in the white frosting and a licorice tail! She made my wedding cake for my gathering and it was really beautiful. Every holiday was a huge event in Joan's house. Tons of goodies and presents and decorations and cake. She was a Sunday school teacher and I used to marvel at all of the amazing, creative things she did for her classes! I don't know where she got the energy or the time. If there is anyone who comes close to being an angel on earth, it was Joan.
