“ I remember when john was in high school. He was running around with my brother don chelmo, and a few others. They went to der wienersnitzel for good, when john reached thru the window and grabbed a hot dog and ran. From that point on whenever we were hungry, we would say "lets mork out " and feed our bellies with fast food.

“ John always had a can do attitude and was always willing to share his time when I had a concern about theater tech issues or if I was looking for an obscure part to fix something on one of the drama sets we were building. Many times the annual fall musical banner would arrive later than we had hoped and with the grommets in the wrong spot or something. John made sure that the banner was mounted properly to the Performing Arts Center wing wall above the entrance. Later, when it needed to come down, he was usually the guy on the roof in the snow getting it down. I never heard a negative word from John. He clearly loved his fellow crew members, respected the hard working students and teachers, and cared about making the building work well. EPHS was very fortunate to have him for as long as it did. John made a huge difference, and I miss those chats we used to have.

“ I have MANY memories of John while I was growing up! From being my little league coach to camping trips! Our families spent years together every weekend in AWESOME camp resorts where some of my BEST childhood memories come from! What I remember most is John and my dad being on the Crystal Fire Department for 20+ years together! I spent many afternoons and evenings in the fire station with my dad and John. Playing basketball, helping wash their cars/trucks! John was like a second dad to me growing up! Alot of backyard get togethers on the deck during Crystal Frolics or the MANY poker nights at our house, I will always remember him with a smile on his face! My thoughts and prayers go out to Sue, Bryan and Bobby.. He was an amazing man and will truly be missed.. All my love, Maggie

“ I remember being a kid and going to the fire station with my Dad all the time and John was one of the nicest and good hearted people everytime I saw him. He was one of those guys you felt safe around. He always pushed me to do better in sports whether it was a kid playing pop warner football or being an adult playing softball John always had pointers, a smile, and an atta boy to give. I'll miss John my condolences to Bryan, Bobby and Sue. Being a firefighter kid it always felt like a family with you guys and it always will.
