Comments

“ Dear Kerry, Kristine, Kathryn, and Kelly,

Your mom and my mom, Adelyn, were lifetime friends. My mom's friendship with Marilyn meant so much to her. Throughout my life, my mom was always in a better mood after visiting with Marilyn. She told me many times that Marilyn is such a good person and good friend. I am grateful that my mom had such a dear friend for over 80 years. So, even though I didn't have a direct relationship with your mom, she was still very important to me. Marilyn will be very missed.

With Sympathy,

Susan McDonough

“ There are so many memories I could share! Probably the best are the ones from when I was young and my family would go to see the Martineaus. Living in the country, it was always a big deal for us to go to "the Cities!" I remember many picnics in their front yard, and going to Como. We would go to Knollwood Plaza and shop. Their family came to visit us on the farm too. Marilyn is my cousin, but I am closer in age to her girls. In recent years I enjoyed lunches out with Marilyn and then we would visit for hours at her home. There was always something to talk about! I am thankful I was able to visit Marilyn in her apartment before the pandemic. Since March we had some phone calls too. She was always interested in what my family was doing. Marilyn loved her girls and their families so very much and I send my deepest sympathy to all of you. She is loved and missed by many. May God hold you in His tender care. Love, Brenda
