“ So many precious memories of Marilyn...a life well lived, a blessing to so many.

When Marilyn married my brother, Wendell Wilson, she became one of my much loved sisters. Since Marilyn and I were the same age, my brother liked to call us the "twins". and we had fun being the "twin sisters". It was a joy to spend time with Marilyn whenever I was able to travel from Colorado to Minnesota. I particularly loved visiting the Arboretum with her...I know how much the Arboretum meant to her. We were blessed to have Marilyn be part of our Wilson family. She was such a good person, always willing to serve others, filled with God's Holy Spirit. It was an honor for me to be Marilyn's "twin sister". I wish it had been possible for me to join in the memorial service for her.

I send my love and deepest sympathy to Marilyn's daughters and extended family. She often spoke of her pride, appreciation and love for each of you. Although we will all surely miss Marilyn's presence, we know she is safe and at peace in God's house, once again with others she also loved. I am sure she was welcomed through Heaven's gates with "well done, good and faithful servant!" Truly a life well lived and I loved her very much.

with love from Marilyn's "twin sister" in Colorado Springs
