“ Jean and family -- Please accept our sympathies for the loss of a truly wonderful person.

Jean, you, Bert and your children have been special to us for over 60 years -- since Dick met Bert before boarding a flight for Marine officer's "boot camp" at Quantico, Virginia, in 1959. This led to a lifetime of shared experience; from serving in the same Marine unit and many shared experiences as young couples living in base housing at Camp Lejeune,

NC, through countless gatherings with the Wilson/Greener tribe in Minneapolis and visits

to our home in Chicago. We have always appreciated Bert as a quietly proud Marine, a dedicated husband and father and someone who loved the practice of law and everything about Minnesota. He is a cherished friend who we will miss dearly.

“ Jean and family -- please accept our deepest sympathies. I enjoyed working with (and learning from) Bert as one of his associate attorneys when I first joined Fredrikson & Byron. We collaborated many times together during our long careers at Fredrikson, with Bert bringing his keen insight and disarming wit to every project. Linda and I have enjoyed being close neighbors, first in southwest Minneapolis and then again at Loring Green West. We share so many wonderful memories and family stories and will miss Bert very much.

“ Jean and family, our family extends love and prayers to each of you. I was 19 when Bert trusted me enough to take me on as his secretary. Best years of my life, except it took me a while to be able to read his writing . I will never forget going to the BGEA smelt feed with Bert....I don't like fish! He always brought the Christmas candy wreaths you two made to the office and said his job was adding the red hots. I have so many great memories swirling through my head. Our deepest sympathies.

“ My deepest sympathy to the Greener family. I had the distinct pleasure of working with Bert at Fredrikson & Byron; he was always such a warm, gentle, caring person at work. He was greatly missed when he retired.
