“ To Theresa’s family,

I was sorry to hear of her passing and that she died on Mother’s Day.

I always had a good time with her whether it was in Apache Junction, here at my home or in Oklee. You could always depend on her to tell it like it was and she always would help out when in need. She and Ed would open my folks’ park model for them before they came down to uArizona. They gave that place a fall cleaning when Mom and Dad could do it no longer.

I remember her first husband Don Grahek who was a kind smiling man as was Ed Lucken.

My sister, Theresa and I drove up to Oklee for the centennial in 2010 and had a great time talking and laughing on the long trip. She put us up in her apartment for two nights and served two great meals and two breakfasts which were fabulous.

I also remember when we were on the farm in the late ‘40’s that Mom hired her to help with the cleaning in the house and she must have rubbed the bathroom faucets pretty hard as I had never seen them that shiny!

I will miss her,
