“ Bosley family,
Coach bos was truly one of a kind. He always knew what to say to help out. He would come to lunch and talk to me and jacob and we'd all talk about anything and everything. He was the best to be around on and off the course. We all will miss him at his spot at school and on the course. Miss you bos

“ What a beautiful service that you had to remember and celebrate Billy - loved hearing all of your memories and was good to hear the laughter as well (glad we could watch online). Billy was such a great guy and touched all of our lives. You all know the tight friendship that he and Jake had over the years and their love for softball and golf kept many a stories alive and well! I first met Billy at one of those famous Halloween parties years ago and he made me feel welcome from the start and don't think we ever missed one. Our families and kids grew up together and had so much fun during trips to Moose Lake in Annandale to birthdays and all of the great family parties. Abby was lucky to see Billy almost everyday at EPHS and would always talk about his one liners she'd hear and he of course would always ask how she was doing and what was new in her life.

As someone said today, he was one of the good ones and I can see that passed down to his boys, Drew and Aaron and know he'll always be there watching over them and cheering them on.

Much love, support and prayers to the entire Bosley family!!

“ What a beautiful Service! Billy will be missed by many people including our family! Our kids knew Bill from when he worked at the toy store at MOA when they were young and affectionately named it "Billy's Toy Store". We visited him often there and spent many hours playing there and contributing to the retail business through our purchases of "Billy's Toys".

Jim and Bill played years of sports together and is always mentioned in stories of past game memories. Bill was one of the first people that i met when Jim and I first met 35+ years ago.

Our love and thoughts go out to the entire family!

“ Melissa and Family,
Coach Bos was one of the best and most fun people to be around during my four year tenure at Eden Prairie High School. He always came up to me during school to see how I was doing and always cracked jokes with me and always was able to make me smile. Some of my memorable moments with him included him coaching me while on the golf team and him able to calm me down and let me play care free, he always knew what to say and truly cared about me as if he were my own son, he will be dearly missed by all that crossed paths with him, We love you Bos!

“ Melissa and family,
Bill was one of the nicest guys I have ever known. He was a favorite of both staff and students at EPHS. In the 22 years that we worked together, there was not one time that he did not give me a big smile & ask me how my family was when our paths crossed, which was often. It is not the same without him there. Praying for you and sending you the strength to carry on.
With love,
Jody LaRue
