“ *My deepest condolences to the entire family. I was privileged to be Agnes's in home caregiver for quite a few years however it grew into so much more. We had a friendship of fun, laughter and trust. She loved teaching me about nursing, sharing her stories, shopping and taking rides around the lakes. I will always cherish the memories and keep her in my heart!*

PM

“ *Agnes and Aggie were always out in the yard on our daily walks with our dog. We would chat and the dogs would play. She loved her family and had many stories to share. A great neighbor and a pillar of our block. Our condolences to her family. She will be missed.*
