“ *It is with deep sadness I learned of the passing of Alex. I have known Alex for so many years. We shared stories about the Printing business, as I was a printer. I went to him on a few occasions for advice and he gladly shared his views. My heart is sad now and my words are stuck in my throat,. I do want to offer my deepest sympathy to the family from my family, Marcie and Madalina. As it is said in our tradition, "Hamakom Yenechem Etchem, betoch Shaar Avaleah Tzion V'Yerushalaim" May Hashem comfort you among all mourners of Zion and Jerusalem.*
