“ I am sad to learn of Alis's passing. I worked with her at a small advertising agency in the early 1990s. She helped out with part time secretarial work. Alis was always so gentle and calm even during those stressful, frantic deadlines. She gave me a small flower vase that she got at the American Swedish Institute. It is one of my favorite vases and I have always thought of her when I put flowers in it. She was a special lady and I will cherish her kind and gentle spirit. God bless her and her family.

“ My heartfelt condolences to Kim, Kerry and family. I just happened upon this obituary, looking for another, and am saddened at the passing of your mother. I have many good memories of your family and your mother's hospitality, always making me feel welcome the many times I visited your house to hang out and watch Garrison's Gorillas. Know you all will be in my thoughts and prayers in the coming days and especially on Saturday. Vicki (Butler) Kacalek
