“ I feel blessed to have known Alison! She was an intelligent and witty woman whose integrity could never be questioned. She was my friend through the best of times and the worst of times. Rest in eternal peace, dear Alison!

“ Alison was my good friend in Arizona, I shared happy and very sad times with her. I loved her but unfortunately we have been separated by many miles since I now live in Georgia. She and I had a wonderful visit a number of years ago when she was returning from a visit with her brother in Florida. She hated flying so she was on a road trip. We had such a great time and hoped we could reunite again. I'm sad that won't happen in this world. Alison was good at everything she did. I miss her as I know all who love her do.
