

Amy Margaret Adamson

August 2, 1933 - March 17, 2025

Amy Margaret Adamson, was born on August 2, 1933 and died on Monday, March 17, 2025 at the age of 91. Amy grew up on Upton Ave South in Minneapolis with her two sisters Janet Quist and Carolyn Van Zant, both of whom preceded her in death. Amy attended Minneapolis Southwest High and First Baptist Church of Minneapolis where she professed faith in Christ and was baptized. Throughout her life, she enjoyed the family cabin on Lake Minnewashta and of course, her many pet dogs and cats as well as everyone else's! She met her husband, Art Adamson, while attending Gustavus Adolfus College, who she married in 1952. They raised their family the majority of the time in Roseville, Owatonna, and Eden Prairie, MN. Amy is survived by three sons, Stephen (wife Barbara) of Maricopa, AZ, Paul of St. Peter, MN, and David of Poncha Springs, CO. She is also survived by 6 grandchildren and 9 great-grandchildren. She was an active member of Gethsemane Lutheran Church in Hopkins. Upon earning her L.P.N. degree, she visited at-home-care patients for several years. In retirement, Amy volunteered at Methodist Hospital in St. Louis Park and was very active in her two apartment communities in Hopkins and Minnetonka, right up until just days before she died, on St. Patrick's Day. Before passing into the presence of Christ, she was visited by several friends and family members at the N.C. Little Hospice Care Home. Amy requested that memorials go to the Arthur and Amy Adamson Scholarship Fund, Gustavus Adolphus College in St. Peter, Minnesota.

“ I am so sorry for your loss! Amy and I met at Castle Ridge Care Center where her mom, Irma was a resident. Amy and Art became friends and I visited often in their Eden Prairie home. Wonderful people and warm memories.
