Everybody hurts. No one goes through this life without some kind of struggle. We are here to learn and grow, and a lot of that happens through struggle.  
No one cares!! Whether you create the life you want or not, No one gives a shit. You have to do what you need to do for you.  
Life is not fair, you have to love yourself, and not dwell and get stuck on that. Find a way to make your circumstances work for you. Or work hard to create better circumstances.  
Everyone ages but not everyone matures.  
Some of our greatest lessons and best teachers are, failures, and Zhemachers.  
We saw the signs for the things we don't do to take
