“ *Even though I didn't have the pleasure of meeting Annette in person, I will always cherish the friendship that developed between us over the past three years. We talked online, almost every day, sometimes three or four times a day. It was as if we had known each other all of our lives. She was one of the nicest, most caring people that I have ever known. She was always talking about how much she loved her family. Her passing has left a vacuum in all of our lives that can never be filled.*

*Continued prayers for all of her friends and family.*
