“ *I saw this as I was looking for another obituary. While I do not know Arthur, I recognize the bright smile on his face and the promise of a wonderful life stolen by depression and the often accompanying substance use that goes with it. I have a 23 year old nephew who has also struggled and is hopefully on a good road right now and your son/brother reminds me so much of my nephew. My heart goes out to the family as I know you have vivid memories of him as a kid... a loving, bright, kind, funny, sweet kid. Depression tells us so many lies people medicate to feel better. It is a horrible disease. As part of the family of man, my heart grieves for you and for this beautiful, bright young man, gone too soon. Please accept my sincere condolences. Connie*
