“ Arvilla was my guardian angel. While searching for my mother's biological family, (she was adopted in 1934,) I found Arvilla. She helped me search and find the branch of the Landis family we belonged to. She was so kind and helpful. I absolutely fell in love with her. I would love to see more pictures of her and John. I will keep both of them and the family in my heart and prayers.

“ john & arvilla were our neighbors up at oles resort.we had a lot of goodtime up there with them. fishing and going to dinner with them at the Fireside on sundays in Mcgregor,mn. We missed them when they sold their trailer. We would still see them when they lived in their apt in st.paul. We loved them both
