“ to the paff family, it has been our pleasure to know arvin. getting to know arvin and myrna over the years has been a significant part of our lives. observing their interactions with each other, and with neighbors has shown us how to be more humane. for chris especially the visits with arvin have been enjoyable. his witticisms and life lessons will long be remembered. his help and aid will be missed. we know our lives have been enriched by arvin and the paff family. chris kirwood and dave olson hope the paff family have peace and joy as they go forward.
