“ Dear Family,
Our family sends their love and condolences for the loss of a wonderful man. There are sooo many neighborhood memories. Some of them were our parents versions but we all have our versions too. How lucky were we to have houses and families that watched out for each other. There was never a summer day we could walk through your living room with OUT the MN Twins on radio or TV. Bud also made us a an awesome fort in your garage. We are grateful for all the memories. We are wishing you comfort/ peace as you grieve Buds loss yet celebrate/ honor his life. Love and prayers from the whole Dunleavy family
