“ You will be missed uncle Bernie Always lending a helping hand, a master fixer. I still remember as a kid you showing us your plastic molding equipment in your basement that you built. I have a fond memory of the large family reunion at your farm. A recycler taking my 1919 cabinets with built in flour bin from my home in Minneapolis to install in your farm kitchen. Loving father of great kids and doting husband taking care of his wife during her illness. Always there for my mom. You will be missed
