“ So sorry I can't be there. My thoughts and prayers are with all of Beth's family. I've thought of her a lot the last few days. Our families had so much fun when we got together at your Crystal home. Would love to relive those days💕💕

“ Well,well my dear big sister Beth. You have accomplished the last step in earth life and now off to eternal life. You did beat me like you said you would, you are the first to see Mom and Dad. Wow make sure you give Mom and Dad strong hugs and kisses for me and tell them they are loved and missed greatly. You have left many great memories that will allow us to keep you alive forever. Amy and Lisa are such beautiful children and you were very fortunate to have them close by your side your entire time on earth. The girls are fighters and will succeed in anything they put their mind to in life, because you have showed them to fight for what they want and it will come. The grandchildren are having a really hard time with you missing, but know that Amy will never let them forget who you were and what you did for them on a daily basis. I know the last few years have been trying and kicking at you with health and other issues and now you can rest comfortable knowing that you have no more "pain" with anything. Enjoy your time up there and keep the angel wings flying over the rest of us and until we meet again my dear sista <3

Love you Betsy!!
