“ *Betsy was such a good friend of our family. One of my mom and dad's dearest. I know heaven is a jubilant place with all of the reunions taking place. I imagine it is filled with laughter and joy! Blessings to the Barnes and Swanlund families. I know how much you loved her and she did too!*

“ *Condolences to Betsy's family. Betsy was a lovely lady. She always had a smile and a cheerful word every time I saw her at district headquarters . She always reminded me that I was a fellow Washington High School Prexie and asked why I wasn't at the 50 plus luncheon. Then I would remind her that I wasn't old enough yet to be there. Then we would both laugh. I know she will be missed!*
