“ *Betty was one the most thoughtful people I have known. She was always caring for others. Our son Kevin could not have married into a better family. We will all miss her so much.*

“ *I so enjoyed my meetings with Betty over the years. Our visits were filled with stories about her travels and other adventures. Her love of nature was so evident in her beautiful pressed botanical artwork. Our customers loved the notecards, gift tags and bookmarks that she made and sold at our store. Her talent and generous, kind spirit will be missed. Heartfelt condolences to Betty's family and friends.*

“ *Betty's warmth and generosity was evident in everything she did. We loved getting her handmade cards at Christmas and for our daughters' graduations. Such beauty and perfection - two more words that aptly describe Betty. Our favorite memory was the time we came to the area's Renaissance Fair when we were first married; 26 years ago. We stayed with Betty and Vollie and received the royal treatment. Sumptuous, home cooked meals, tours of area attractions and lively conversation. We will always remember her whimsical spirit!*
