“ *My mother, June Moberly, mourns the passing of her dear friend Bev. They had lots of happy times together - both with their husbands and also together after Gordy and George died. Especially memorable, my mom says, was their road trip to Gulf Shores AL, which must have been in the late 1990's. She and I send our love and prayers from New Mexico, regretting that her declining health and the distance make it impossible to attend Thursday.*

With our condolences,

Bill Moberly
