

Beverly Noreen Sands

July 19, 1945 - August 29, 2024

Beverly led a remarkable and fulfilling life, dedicating most of her time to her cherished husband, loving family, and dear friends. Her home was always a haven of love, laughter, and unforgettable memories that will continue to inspire and comfort us all.

For 30 years, she soared through the skies as a dedicated flight attendant for both Northwest and Delta Airlines. Her passion for travel and commitment to providing exceptional care to passengers allowed her to touch countless lives across the globe. She carried her sense of adventure and grace both in the air and on the ground, sharing stories and experiences that enriched the lives of those around her.

Above all, Beverly was a devoted grandmother who deeply loved and cherished her grandchildren. They were the light of her life, and she took immense pride in each of their accomplishments, always offering her love and support. She also shared a close bond with her beloved sisters, Jacqueline and Sharon, who brought joy and companionship throughout her life.

She is now joyfully reunited in the afterlife with her late husband and beloved son, embracing them once more in eternal happiness. Though our hearts ache with her absence, we find comfort in knowing they are together again, watching over us with love and guidance.

Beverly leaves behind a legacy of love, compassion, and strength that will continue to live on through her family and all who had the privilege of knowing her. She will be deeply missed and forever remembered.

A private service will be held to honor her life and legacy on September 7th at Washburn-McReavy Edina Edina chapel at 1pm, with a visitation for one hour prior.

May her soul rest in eternal peace.

It was a beautiful service. Tanner did an amazing speech. It was so nice that the service was shared. I am a Crown Colony friend who watched the service from London Ontario Canada. I will miss Beverly

“ Beverly and our dogs Benji and Lily Rose walked every morning at 7am for 2 1/2 years. We sure got to know each other well and loved that our dogs loved each other as well. We had an extended dog family as well with other neighbors joining us when they were in town

My dog sits outside of Lily Rose's house now waiting for her to come play. They are so missed.

Beverly was so strong through the last couple years with losing Bob and Jeff both of who she loved so dearly.

So we will treasure the time we had together and she will forever be missed.

“ Bev and I were best friends all through high school at Dondero in Michigan. We had so much fun growing up. Her wedding was beautiful. What a happy day. She would visit when in town with Jeff to play with my Nikki. That girl could do any thing she wanted. Deepest sympathy to all of her family and friends. Love Susannah McGoldrick Fritsch.

“ We enjoyed our shared interests with Beverly here at Crown Colony. As a new 9 hole golfer, I appreciated all the golf tips and coaching. Beverly even taught me how to get out of a sand trap! Scott had many conversations with Beverly about her airline career, as he worked for Delta too. When we get to the 5th hole, we will remember Beverly and think about her kindness.

“ *beverly*

We are deeply saddened, an under statement, by the loss of our very close friend and neighbor, Beverly. Over the years, we were honored to know her husband Bob and help the two of them during his health challenges, as well as, with her son Jeffrey, who were the loves of her life. Her third love was Lily Rose, her constant companion and support dog.

Jeffrey came about monthly to help Beverly with whatever she needed, from yard work to computer issues. Jeffrey was a devoted son. He and my husband Larry, were always helping the two of them with her projects and then the four of us would celebrate a job well done at Jeffrey's favorite restaurant, Doc Fords.

Also, the four of us had golf in common and played here at Crown Colony. She really enjoyed it and all of her friends.

Beverly, and her other love sweet Lily Rose became a part of our extended family, included in our dinners and gatherings. Beverly's house was on our street so we drove by it daily, watching for them as Lily Rose knew our cars and expected us to stop and greet them. She is so smart and adorable as she wags not only her tail but her whole body. She always ran up our steps as they went on there evening walks, and more often than not, came in for a visit with Larry and I and our havanese, Holly, who looks like her. Beverly loved to see us all together and asked us over the months if something happened to her would we commit to taking Lily Rose as she said, "I know she loves you, and you love her." We said, "Absolutely." It was a shock that her passing was so very quick. Lily Rose is loved and loving in our home as a treasured gift to us from Beverly.

As we daily walk or drive by her home, we are reminded of Beverly, our beautiful inside and out sweet friend, who we miss already. May

God bless you and may you R.I.P.

Love always,

Debbie, Larry, Holly, Lily Rose

“ Beverly enjoyed life and playing golf. She carried on thru the loss of her husband and son along with her own issue. She was one strong lady and a competitive golfer. She was focused and committed to playing her best game. Beverly was outgoing and friendly to all. I was very sad to hear of her passing and she is in my thoughts and prayers.

“ I knew Beverly from Crown Colony and our nine hole golf league. She loved to play and socialize with us after golf at lunch. I often would encounter her while walking as she was walking Lily Rose. I will remember our last partnership in our East West tournament! She was a real competitor! She will be greatly missed. Her sisters and family will be in my thoughts and prayers at this difficult time.

I knew Beverly from Crown Colony. I loved golfing with her ... wandering down New Castle and chatting with her and Lilly Rose. Looked forward to our chats. It was such a heart breaking year for her with her amazing son who was so devoted and looked after her after her husband passed away. My favourite story was when he found his way to her after Hurricane Irma hit. Was a hard year this year when she sat by his bedside praying that he would make it. And now she is in heaven with him and her husband. Beverly was an amazing story teller. I am going to miss her ❤️

Tammy Combe - September 06, 2024 at 10:21 PM

“ Beverly was a very kind person, so nice to everyone who crossed her path. She had a big heart. I knew Beverly at Crown Colony community. I saw her devotion and love to her husband. She suffered heartbreak when she lost her husband and most recently her son. Thank goodness she had support from her friends and neighbors at Crown Colony, as well as her sisters. And the joy and love from her little dog. I will miss her.
