“ Uncle Bea had a very distinctive and full of joy laughs.
When you heard it you couldn't help but smile and laugh with her.

One of my most favorite memories was making krumkake cookies one Christmas Eve in the late 80's. Everyone was around Uncle Bea's/Bob's house and singing carols and enjoying one another's company.

It's one of my favorite memories of my entire childhood.

The Krumkake's were Uncle Bea's idea to help introduce all of us to our

Scandinavian roots. Needless to say they were a huge hit and the "threat"

was that we'd have to do them year after year and fill them with homemade

whipped cream and berries. Sadly, this never occurred.

Another good memory was for my Grandmother's birthday when she and her mother and her sister (Uncle Bea) gathered for a dinner / "picnic" on the upper floors of the apartment complex where my Great-Grandmother was living in . In this party room was a piano where the 2 sisters sang and yodeled for a few hours....again, one of the few times everyone was together and having a GOOD time.

I wish I could fill this entire website up with great memories....but these 2 are going to have to do.
