“ Heartbroken about Beverly. I remember how beautiful she was. She and John were so generous with Beth and me. They had just adopted the girls and they still had us stay at their house while we were looking for new jobs in the cities. They were both great role models for all of us younger cousins. We all loved John and Beverly. They used to tease us and we enjoyed every second.

Warren and I were so honored when John and Bev agreed to be host and hostess at our wedding back in '73. They opened their home up to Katherine and me with warm hospitality and Warren as well when he stayed with them in the Cities while planning our wedding. They were our very first guests in NYC that first year... from Lady Liberty to Chinatown to the Rockettes at Radio City...it was so fun! Bev was always so beautiful in person and spirit...she had a servant's heart... looking forward to that great "Staples" reunion in God's time...
