“ Aunt Beverly - You were such a sweet aunt. You were always joining in. We saw you everywhere. I'll always remember looking for you and John at the state fair every year, and running into you at Bakery Stores in Up-Town. Brooklyn Center Concerts in the parks and picnics before. Your Halloween and Christmas partys were always fun to go to too. Also your Brownies, who could forget those? Yumm :) You are missed more then words can say. You really are a GREAT GREAT AUNT.

Love Marie

“ Auntie Beverly - I am thinking of both you and John on your anniversary. I don't know how to express my deepest gratitude to you for being such a special part of my life. All of us "Skows" and "Skowettes" are better people because of the role you played in our lives. You gave us many wonderful memories - - and we were the recipients of many many prayers. Thank you Sweetie - I will never forget you. Becky "chicken noodle soup".

“ Sweet Aunt Bev had a way of making one feel special and unique. Her eyes would light up when a loved one entered the room. I will always hold close her gentle laughter, warm smile and hugs, and promise to maintain her tradition of staying in touch w/ friends and family through letters. My prayers and thoughts are with you John and family.

“ Auntie Bev will always carry a special place in the hearts of so many. She had such a gift to make each person feel they were truly special. This was God's gift given to us through Auntie Bev. A special memory, was her kindness to our Shelly when she was so sick at children's hospital. Auntie Bev sent her trademark dollars and cards, and every other day Shelly opened a surprise from her. god bless Auntie Bev, and may we learn to be just a little more like her.....

“ *Grandma, you touched so many lives. Every breath was full of love. You gave until it was no longer possible, and then gave some more. There was never any doubt in my mind that you loved me, I just hope that you knew how much I loved you. Thank you for every single wonderful memory. I love you eternally.*

“ *Bev was a wonderful friend. I will always treasure her loving spirit, gentle heart and caring ways. We know where Bev has gone and will see her again. This is our promise from Christ. It is our days on earth without her that hurt so much. My heart goes out to the whole family during this difficult time. Your Friend, Deb Sunnarborg*
