“ *Bill was our neighbor for about 15 years. We didn't see him a lot but every time we did, we'd chat and catch up on life in the neighborhood. He watched out for us. He was also my son Andre's basketball coach for a couple of years through PAL and we often saw him refereeing the games. I'm still in shock regarding his sudden passing and I'm going to miss his steady presence in the neighborhood. Peace be with his extended family.* ”
