“ *My memories of Brenda go back to the mid 90s when we first met working at 1st National Bank of Lakeville. She and I became fast friends, and soon spent much of our off time hanging out together, socializing and vacations together. She was a very caring and giving friend who was more like a sister to me. I was very sad when she moved up North and we started to loose touch with each other. When her first battle with cancer started, I was there with her. I did not know that her fight would continue over 20 more years! I will always have a special place in my heart for this amazing woman, friend, mother, grandmother and kind and caring friend. Love you and miss you to pieces sweet lady!*

“ I have so many memories of Brenda throughout my early years that they blend together. Brenda and I spent so much time together. What I do remember is laughing so hard my stomach hurt, watching monster movies in a big chair in the basement piled up with kids terrified or Brenda's great slumber parties. Brenda had the best family that made me feel at home, and gave us the freedom to be kids and have fun. Brenda was instrumental in my meeting and dating the love of my life, Dave. He would pick us up in his Saab and the whole neighborhood would hear it coming. The best memory was last winter when she visited in Florida, like all great friends, Brenda, Diane and I took up where we left off. I will cherish all of my memories. I thank the Dudley family for Brenda and allowing me to be with them. Brenda will be greatly missed. God bless her children and grandkids. She spoke so highly of all of you with love and admiration. I am so sorry for your loss. Love, Lynn and Dave

“ I will never forget meeting her in 1967 after roller skating in Spring Lake Park. Became very close and her family was very comforting to me in my troublesome family issues. Unfortunately, my parents won out and I had to move to St. Louis Park putting quite a strain on our relationship. Fortunately, I had joined forces with her at Spa Petite in Crystal. So happy to work with her. Very happy to have enjoyed a lunch with her shortly after I was diagnosed with breast cancer. I will miss her deeply. My condolences to all who knew her. She was one of a kind.

“ My memory I'll have forever is the day before Brenda passed, I was there visiting with her. As I was leaving I waved goodbye and said Brenda see you next week and she actually waved goodbye to me. Maybe she knew that was going to be the last time we would see each other 😊😊 Lynn
