“ Pilar,

*Do you remember when you found out you were pregnant (for the 2nd time) And you and I sat on the phone for hours trying to come up with names for your baby? I remember sitting in my bedroom on the phone with you, and you said what about Alexander? I said that sounds nice, and you said "Alexander Talos Ramieraz (I may have spelt that wrong)*

*I remember how that name just rang in my head. When he was born --he was absoluteley Alexander Talos.*

*I think about you and your family all the time, I think about all of Bretts family all the time.*

*I am so saddened for your pain and my heart is with you all.*

“Pilar-I'm adding this long after the fact so that you will always have it. As I've told you and Lesli, my heart is broken at the loss of my dear friend Brett. He made my teenage years bearable. He was the brother I never had. When you two met ( my fault)! it was like all the stars and planets aligned at the same time. To be a witness to your love and how it has evolved over the decades since-makes me a true believer in soulmates. Pilar, I cannot imagine the ache you must be feeling-but please know that he loved you tremendously. You literally made life worth living for Brett, and he was the man he was-in large part because of you and the love you had for him. I can feel him watching over us. He would be so proud of you and the kids. Your strength will help all of us survive his loss-I only hope that our love will help make it a little easier for you. Anything,Anytime-love Monica

“ *Pilar and family,*

*Although you probably don't know me but I went to school with Brett and Yvette. I haven't spoke to them in years but was very saddened to hear that Brett had passed away. May God always be watching over you and your family. And always know that Brett will be there watching over you, whether it be an eagle flying overhead, a cardinal in a tree or the unsuspecting smell of him as you're doing something in the house. They are all signs that he is with you always.*

“Pilar, Lesli, Alex, Cassie, and Brooke--my thoughts have been with you constantly since I heard the news this afternoon. Brett was so busy living and loving life and making others happy that he forgot about himself and those who loved him most from time to time. I hope he finally is at peace, as are you all.
