“ *MaryAnn, Paula & Family,*
Just wanted you to know how much you guys mean to me. I'm at loss for words right now, but been thinking about someday Brian and I would have gotten together, it been way to long. But so grateful for the chance to see Paula and her family, I feel we have gotten to know each other a little better and the only thing that make me mad is why did we wait so long to get together. However i'm enjoying the ride. To MaryAnn, I'm thankful for getting a chance to get know you, glad i get the chance to talk to you on the computer, i feel as we have gotten closer as well, it does mean a lot to me. To share our story with each others. I will forever hold Brian close to my heart, as I do for everyone. May God Blessed you all..
