

Bruce Craig Johnson

May 8, 1961 - January 14, 2025

Bruce Craig Johnson

Age 63 of Fridley, MN passed away peacefully on January 14, 2025 at Abbot Northwestern Hospital in Minneapolis. Bruce was born May 8, 1961 in Santa Monica, CA. He grew up in Fridley and attended Spring Lake Park H.S.

He did transfer and graduated from McGregor H.S. in 1980.

Preceded in death by his mother Dorothy Corba Johnson and father Arnold Johnson.

Survived by brothers Doug (Jen) and Gary, sister Cathy (Dennis) Parisien, and niece Justine (Kyle) Schneider.

Bruce worked in a number of different capacities. From mechanic to landscaping, construction, truck driving, etc...

He loved to tinker and was always looking to work on anything with an engine.

He finally found a job he was truly passionate about working as a supervisor of a crew maintaining the state highways in the Orlando, FL area. He worked in this role for several years. Bruce moved back to Minnesota in early 2020 after suffering a heart attack and being told by his doctors he was no longer healthy enough to work. He was informed he may only have a short time to live and was in need of a heart transplant. He kept an upbeat, positive attitude hoping his health would improve enough that a transplant could be possible.

He spent time back in Minnesota visiting with family and friends, fishing, camping, etc... He kept active til the end defying the odds on what the doctors

thought possible.

A "celebration of life" to remember Bruce will be held this summer for family and close friends.

Tribute Wall

“ Bruce lived in my neighborhood and was always very sweet. He always smiled! As kids, some could be unkind. He never was. EVER! I think back the last time our paths crossed, he gave me a hug 🤗 Rest peacefully Bruce.
