

## Bruce Cooper Morris

February 26, 1948 - June 4, 2020

Morris, Bruce C. of Mpls passed away on Thursday, June 4, 2020 at the age of 72. Bruce Cooper was born to parents Keith and Maxine Morris on February 26, 1948 in Indianapolis, IN. He grew up as the youngest of three siblings in New Castle, IN. In his youth, Bruce loved mischief. He proudly spoke of pranks involving firecrackers and neighborhood buddies. He treasured the time spent flying small planes with his father as the pilot, and playing baseball with his father cheering from the stands. At the tender age of 22, he became a father himself. Children Courtney, Katie, and Sam arrived over a span of 8 years. In June 2004, Bruce hit the biological lottery when he received a donor heart. That selfless act of love by the donor and their family allowed Bruce to become a grandfather to 5 precious children: Olivia, Kennedy, Harper, Ella, and Lex. His grandchildren were Bruce's pride and joy. In a lifetime of ups and downs, Bruce kept charging forward. He had a talent for assigning nick-names. He loved golf and sailboats. He took great pride in finding joy in simple things: a smile, a hug, a walk outdoors. He will be missed. Washburn-McReavy.com Northeast Chapel 612-781-6828
