“ I am shocked to hear the sad news. It feels like yesterday when you were coming to my office to buy your Camaro from me and you were as happy as can be. I remember your dad and I making fun of you for stalling the Camaro when you took it for a test drive. I know you're looking over your family and friends and hopefully you're doing it in a car you enjoy. I will miss you!

“ *My sincere condolences to Cameron's family. He was an exceptional Student, but moreover he was an extraordinary human being. I will always remember him for his infectious personality and always having a smile on his face. He would constantly offer his help to those in need. He was well respected by the Faculty and Students. In these trying times, the world needs more people like Cameron*

“ My condolences to the family. Cameron was a great employee, and always managed to put a smile on my face, and the face of his colleagues, even on a bad day. He was a bright shining light, and could light up a room with his presence. You were one of my all time favorite employees and I will miss you. Heaven is happy to have to you, and you can build and race cars with no risk now. I am terribly sorry for his loss, he had such a bright future, and was taken from us for reasons unknown.
