“ My dearest Carla, I think of you often, and after doing some research I found that your guestbook is still open. What a beautiful tribute from your family. Everyone says the most beautiful things about such a beautiful young woman! I miss you. I often think back to our math class with "Jans" when you and kim were freshman. You guys were staring at me and I turned around and you said, you are so pretty! From then on I loved you like the little sister I never had. Thank you for being so amazingly wonderful. I hope that you are also watching down over me as I could use a beautiful angel such as yourself. I have not written in here in 8 years. That is a true sign you are never forgotten. Love u so much!"Striker"

“ *Carla-this is my first time ever writing on here because it is still so hard to believe that you are gone. I miss you so much and it is so hard sometimes because I can't call you for advice or just talk to you. I miss picking on you and wish I was still able to do so. I had a dream lastnight and you were in it and we were picking on each other like we always used to but then we had a serious talk and when I woke up it felt so real to me that I know it was actually real. Thanks for talking to me it really did help. I have a new girlfriend and we have been dating for about 9 months I wish you could meet her she is amazing and I think that you two would have got along way too well... I will love you forever and I miss you tons I wish you were here. I still have your cell phone number in my phone and I look at it sometimes wishing that I could just hit send and you would be there on the other line... I used to call it just to hear your voice. I love you Carla and I miss you so much love your little cousin!*

“ Hey Carla- Just want to let you know that I shared you with 75 youth on a mission trip this last month. I told them how you always introduced and treated everyone as "your best friend." Well needless to say, you must have been there with us, because by the end of the week 75 middle school youth were excited to come home and tell their parents about their new "best friends." Your life was a gift to us all and it continues to give through the stories we share! I love you!

He has a little daughter named Emma and he is a very proud daddy.We hope to see him and his family next year at the cabin.The Gopher fans will travel to St Cloud in January to see the mighty Gophers play your Huskies. I can still remember your face when you saw uncle Tim and I singing the Rouser after a win.You were beautiful even when you were mad.Mom, Jake and I miss you so much and know you are all right in Heaven with Grandpa Roy, Aunt Marion and Uncle Eddie.Keep them laughing until we see you all in the future.We love you and miss you xoxoxoxo Your Dad

“ *Carla We cannot believe that it has been four years since the accident. It does not seem that long because we can still remember your smile that you would always had for us. We miss the jokes and all the ribbing you would take with the gophers always beating up on the huskies. Peggy and Mark miss you dearly and we know your buddy Jake does too. Things around are place have been running smooth. Chris with all his sports, running marathons and the house taking up alot of his time. Blake and Sara with the new house that they have moved into in Mound. Gopher weekend up in St. Cloud will be another time when we can hoist our glasses to you. See you at the swing. Keep up the good work watching over us all down here in Minnesota. Especially watch over them Berg Boys, they need alot of help. Take Care, we love you always. Jeff and Debbie*

“ Aloha lady! I haven't written in so long. But I know you listen when I talk to you. My boss just lost a friend of his and I told him our friends are never gone, we carry them in our hearts and they live in our memories. I talk of you often, wish you were on this earth to visit me. You would probably have 400 friends on Myspace! Your mom sent me some of your Bacardi things. I wear the visor golfing, if you feel like helping me out with my score I wouldn't mind. I know you're busy though. I miss you. I need your advice sometimes. The tree my mom planted for you is doing well. It blooms really full with beautiful little yellow flowers. I'm going home in a couple of weeks and it's right next to the front door. It makes me smile! I feel the petals and I feel your sunshine face smiling at me. That's what I miss the most, your smile. “ Hi, Carla! It's Kara from AMA writing. I have not written you before, but I want you, your friends and family to know that truly not a day goes by that I do not think of you, especially around this time of year when Homecoming swings around. It's clear that many people really miss you, but their messages here are everlasting proof that you are anything but gone. Anyone who knows me knows that I am rarely at a loss for words, but when it comes to expressing what our brief time together here meant to me, I'm frankly speechless. You remain the sparkling, twinkling star you were here on earth and I think you should know that your departure from this world really showed many people (myself included) that our time here is limited and that we have got to live life to the fullest, with love, laughter and compassion... like you did. You accomplished much more in your 22 years than many hope to accomplish in a lifetime and your legacy continues to brighten each and every life you touched here on earth. I truly miss you and love you, Carla. Keep on smiling, girl. -Kara Kelley

“ Dear Carla,

It's kinda of a gloomy day and is suppose to rain. I was going through the legacy stuff for Johnny and thought of you cause it has been a while since I've written. I hope you are watching out for him as I miss him more than you can imagine. It's so different cause when I put something down it stays there and there is no one to talk back to me. When he passed your dad said that now you had another old guy to boss around. See we really do have fond memories of you.

Shelley just came back from Paris and really seemed to enjoy the trip. Meg and Erin are coming up here this summer for a week with their other grandma and we will see what we can work out for them to stay with me awhile. Erin is driving now and I can just imagine the fun the two of you would have had.

“ Carla,

Another gopher/husky weekend has passed. Last Saturday, we were up at the hockey game in St. Cloud. We had a cigar and a cocktail at the swing. Great afternoon of sun and conversation with the boys. The gopher bar was jumping before the game. The game was great with of course another gopher victory.

We went back to the bar after the game and toasted a few beers. It was Halloween costume night. It was really a fun night to see the kids in costume. We missed you this night especially because it would have been fun to call you after the game. Many of the kids at the bar still remember you and Chris. We were looking for the girls to dance on the bar like the barcaardi girls did. No such luck. The Berg boys were in fine fashion again and still getting me into trouble.

Miss you.

“ Hey Carla! I just got off work, checking my email and I thought of you. I think of you often, more than I would have guessed. When you lose someone close to you it's hard to imagine the future without them. But the truth is, you don't exactly have to. You are with me everyday, with everyone who loved you. Your beautiful spirit carries on in all of our hearts and actions. I miss you so much. I wish I could call you up and get some advice (which you always had). Yet I know you're there. Although I may not see you, I hear you. I know what you are saying, I feel your love, I envision your smile and i am at peace. I love you, I thank for all that you did and for all that you are doing for me. You are always my precious friend, Carla. Thinking of you always, Laurie

“ Carla

I can't believe it is almost 2 years since we have seen you.

Just a thought of sweet remembrance

Just a memory fond and true

Just a token of affection,

And a heartache still for you

Just a sigh fro the old moments

Just a smile of love anew.

Just a tear in silence falling,

And a yearning just for you.

Just a little while ago you were with us

Now my dear sweet loved one has gone.

She will never be forgotten,

Her deed are nubered one by one.

More and more each day I miss her.

Friends may think the wound is healed,

But they little know the sorrow,

That lies in my heart.

Love always, Aunt Shelley

“ To my only granddaughter Carla--
another summer gone by without you--don't ever think you have
been
forgotten--every day I think of you and know how much your Mom,
Dad and
brother Jake miss not having you with them at home and up at the
cabin
which I am so glad they have to go and spend some time--you
would have
loved every minute there with them.
We are back at home in the park and I still can see you and Jake
running
up Cedar street and remember so well the Thursday morning at
coffee hour
that you entertained the people with your little dance--they loved it
and
you were having fun doing it.
Your Papa John has lost his vision now in his only good eye--you
would be
proud of him to see how very well he is handling it--time goes slowly
for
him but I have contact with the library and they send him talking

“ Dear sweet Carla,
Your friend Laurie is on her way home from Hawaii to be in a wedding. You have been a good guardian angel. She's very well, loving life and having incredible experiences. Did you know that it was a lot because of you that she had the courage to go? She was scared to go that far away, alone, but she said you made her realize that she should live life to the fullest and reach for her dreams. Of course, a mom misses her daughter but knowing she's having the time of her life takes the sting out of it. We talk about you and think of you often, angel.

It was NASCAR WEEKEND with the Berg boys. I do not know who had a better time at the Brickyard, Uncle Tim or Daddy Mark. It was alot of fun being one of the Berg boys.

Everything is going great and everybody is healthy. Debbie is starting this fall with a new school and another group of kindergarten children. Looks like a full September and October coming up. It won't be long for them Gophers to start up again. Look out for October 28th and 29th.

It is Huskie/Gopher hockey weekend.

“ Dear Carla,

My daughter (your friend Laurie) is moving to Hawaii in a couple of weeks. She just sold her car and I took the Bacardi air freshener out of it. She kept it hanging from the rear view mirror because of you-- you were supposed to work together that night--and I think she felt it kept her safe because you were watching over her.

She learned from you that we don't know how long we have on this planet and that you have to grab life by the you-know-what and live it with gusto. So she is going to fulfill a dream.

Hawaii is so far away and I'll miss her like crazy. She is my constant in life and my best friend. But I'm happy and excited for her. Please, Carla, watch over her while she is so far away from me. Be her guardian angel.

We think of you all the time and wish your family comfort over the holidays.

“ Carla,

Life still goes on but we really miss you coming over to our house during the xmas times. Debbie still needs your help in her shopping trips. We have been getting ready for xmas and new years celebration at our house. No snow but the cold weather is upon us. We all celebrated another gopher hockey victory over them huskies from St. Cloud. We let out the gopher cheer you love so much at McRudy bar that night. (not once but many times) The Berg boys were in fine fashion again.

They always seem to corrupt us Reinholdz boys. We toasted a shot to the mighty gophers time after time again.

Before the game, we stopped at your swing and had a beer and a cigar. Tim, Mark and Bernie all agree it was a great and peaceful spot to stop and reflect about life.

Your Mom and Dad seem to have the ups and downs that go with the territory. They are such strong people. I know Jake misses you also.

I just heard a song on the radio and had to pull over on the way home because I was crying so hard couldn't see. It was Diamond Rio one more day, one more time, one more sunset baby and I would be satisfied, but then again it would just leave me wishing for one more day with you. That pretty much says it all for alot of us. I told everyone that since the annual mn and kc trip didn't happen like all the other years you had him come the same month and 1 day earlier so that we have no excuss for us all to get together. Funny how you still seem to bring people toghether. It scares me though that you two are there together cuz I know you two are alike and who knows the things you guys are thinking up two do to all of us! It also makes me happy though and more ok with you up there now that you have a friend with you! I know that you are there watching over me and all the rest of the people that love you! I met your bros new girlfriend. you would of liked her alot and your bro is happy so that is all that matters. “ For Carla and all those whose hearts she touched.

I HOPE YOU DANCE

*I hope you never lose your sense of wonder
You get your fill to eat but always keep that hunger
May you never take one single breath for granted
God forbid love ever leave you empty-handed
I hope you still feel small when you stand beside the ocean
Whenever one door closes I hope one more opens
Promise me that you'll give faith a fighting chance
And when you get the choice to sit it out or dance
I hope you dance...I hope you dance
I hope you never fear those mountains in the distance
Never settle for the path of least resistance
Livin' might mean takin' chances but they're worth takin'
Lovin' might be a mistake but it's worth makin'
Don't let some hell-bent heart leave you bitter
When you come close to sellin' out reconsider
Give the heavens above more than just a passing glance
And when you get the choice to sit it out or dance
I hope you dance...I hope you dance
Time is a wheel in constant motion always rolling us along.
Tell me who wants to look back on their years and wonder
Where those years have gone.
I hope you dance...I hope you dance
I hope you dance*

“ Dear Carla,

You were taken too soon and we didn't get a chance to say goodbye. You gave us a full 22 years of enjoyable pleasure. Our last weekend together was a special one. You, Kevin, Laurie, Brian and Jake all together laughing and kidding each other as family and friends should. Your Mom and I went out by the pool after all of you went out for the night and talked about how good life was. We even talked about the day we would be grandparents. Then two days later you came home and begged to go out to eat. Of course we did and it was also a special night. As you got ready to leave you gave us kisses, called me a "dork" and got into your little red car. In your sing-songy voice you yelled out "I LOVE YOU" and drove off. We never got to see you again.

Your mom, Jake and myself lost a piece of our hearts 3 days later. It will heal but it will always be missing. Carla, you would be so proud of your family and friends. Due to your friends a swing has been dedicated to you in a St. Cloud Park, your Aunt Shelly set up an ongoing hockey scholarship for young girls up in St. Cloud, the hockey team dedicated their year to you and two charities were helped by contributions in your name.

Jake is growing up to be a very nice man. He misses you terribly and I know you both would have been very close. You will always be in our hearts and your memories are a treasure. We can't change what happened but we know we will see you again. Keep Grandpa Roy, Uncle Ed and Aunt Marion on their toes. You will always be our little girl.

Love you always,

Dad

“ Carla Lorraine Berg

Family and friends have gathered at various times over the past year trying desperately to come to terms with the loss we feel at Carla's passing. So many have come forward to share her many contributions of love and her influence in their lives. Thoughts turn to all of her good works and become more somber when we think of all the possibilities the future held for such an engaging and remarkable young woman. The hard cries have softened into refreshing sobs as we feel her presence all around us. The questions still linger. Why would someone who has brought so much joy and happiness into the world be taken from us? What was God's purpose in this? Couldn't we have more time to hug her and tell Carla how much she is loved and cherished? The memories of how she lived her life will always inspire; the pain of her death persists.

Carla's optimism had a profound effect on everyone she met. Outwardly, she was very attractive and made everything and everyone around her look better. More significantly, she had an amazing ability to help everyone look forward, upward, and outward and there, we could see her real inner beauty. She had a courage that was rooted in conviction about principles and values clearly conveyed by her parents. Carla was a rock for others because her truths were foundational. Yet when the going got tough for her, she knew she could turn to the safe harbors of home and her family's warm embrace. It is not surprising that she could dance her way into our hearts but it is a bit overwhelming to comprehend the size and scope of her positive impact on so many lives.

We take comfort in knowing that Carla is in Heaven, a place where faith and imagination intersect. We imagine her presence there has had its usual impact. Probably about as subdued as a white tornado!!! I'm sure even God is amused with the pink embellishments now adorning the Pearly Gates. Carla can be so wonderfully persuasive!!!! I'm sure the Lord is giving her free reign

providing beautiful flowers to help capture all the color and warmth she brought into peoples lives.

It can be said that we are accountable for our response to the challenges that confront us. Carla's life was all about meeting challenges directly; providing ready support, tenderness and care to all whom she encountered. Many times this was accomplished at great inconvenience to Carla; however, she had the maturity and wisdom to understand what was truly important in life. It was always about making life a little more enjoyable for those around her. And as we ponder through our tears, her history on this earth, we are reminded to be custodians of her legacy and to give to others as she would with dignity, grace, and an inspiring grand style.

You are in our hearts always, Carla; we love you and pray God's Blessing upon you. Please continue to watch over Mark, Peggy, and Jake and all your family and friends during this difficult time.

“ *Carla Lorraine Berg*

Born June 14, 1981 on her Uncle Tim's birthday and one day before her Dad's birthday.

Carla graduated from Robbinsdale Armstrong High School and was currently attending St. Cloud State University where she would of graduated in 2004 with a degree in political science which was decided upon after trying: Fashion design, Social work, Business/Marketing, and Teaching.

Carla participated in many activities throughout her life. She played soccer, attended Summit Dance School for 13 years, played Junior Varsity Hockey for 2 years where she was more interested in attending to her job of Captain than actually playing hockey; loved her week for several summers at Circle R horse camp, was a camp counselor at YMCA Camp Manitou for 2 years. She loved children and often helped Debbie Reinholdz with her 5th grade class at Hamilton Elementary. She was a member of the American Marketing Association. Carla felt very fulfilled when she was able to organize a special holiday party with the Girls JV hockey team and the Shriners Childrens Hospital. Then she continued to visit a little girl through the rest of her hospital stay.

Carla loved to travel. She never had any money but still managed many trips. She was well on her way to seeing all 50 states. She had been to Puerto Vallarta & Cancun, Mexico; Dominican Republic, New Zealand and on a Caribbean Cruise.

Carla had a love of hockey. She was Assistant Coach of the St. Cloud Men's Club hockey team traveling though out the Midwest with them. She pushed and prodded those athletes into raising funds by working at events at the Excel center in St. Paul. Note: Carla could talk you in to everything and sell you anything you didn't need. It was hard to say NO to her.

She participated in a rivalry supporting the St. Cloud Huskie Hockey team VS. the U of MN Gopher hockey team with her father, Uncle Tim and Jeff Reinholdz. Always letting them know when the Huskies won and not answering the phone when they lost.

“ *Carla Lorraine Berg*

Carla was born amidst a tornado on June 14, 1981 - and you could use the description of a tornado as a metaphor to describe Carla.

Never stopping, never giving up till she got what she wanted.

Covering ground / Going in all directions / Stubborn / Indestructible – Carla liked to do everything, every minute. Whether it was going out to eat, shopping, traveling, or socializing, if she couldn't convince you to go with her she found someone who would.

Touching many lives / No one is untouched by a tornado and it leaves a lasting impact – She loved meeting new people but never let go of friends and acquaintances mixing into theirs lives and taking over. She was a peacemaker, a fixer, and a matchmaker – Bringing people together in all aspects of life. Taking them in and leaving an everlasting impression in their lives and in their hearts.

Unexplainable and very dramatic – You never knew what to expect next with Carla. Everything was important, exaggerated, blown out of portion, and considered the most important. Not one detail was left behind. She was high maintenance and loved every minute of it. Favorite nicknames for her were “Princess” and “Drama Queen”.

No one is untouched by a tornado and it leaves a lasting impact.

Carla lived life to the fullest. She will be an inspiration to those who loved her everyday for the rest of our lives.

“ Dear Carla,

Your friend and my daughter Laurie was hysterical and I was at a loss for words as we talked on the phone the night of your accident. Even though I never got the chance to meet you in person, Laur had told me so much about you. My heart was shattered for your family. I couldn't stop crying all that weekend as I was planting shrubs. One of them was a Weeping Caragana tree and I kept thinking of it as my Weeping Carla tree. I planted that little tiny ornamental tree for you and it has indeed become known to all who've seen it as Carla's tree. This spring, little yellow flowers blossomed on it (sorry they weren't pink) and I took a picture of it with Laur holding your picture. I meant to put it on this Web site but I haven't been able to get my camera to download onto my old computer. But know the tree is yours and it is alive and well, just like your memory. Obviously, you are so well loved.

A lot has happened this last year, and you've helped me through it. Congrats on your swing, I hear it is just wonderful!!! I miss you and thank you for being in my life-you were my instant friend, and will remain that way forever!!!!

“ Carla,

A few things have happened since I last wrote to you. Chris has started his post college employment. He is now working for the government. He seems to enjoy the first two weeks on the job. Only time will tell with him on his liking the job. You know he is so laid back.

Debbie and I spent last weekend at your parent's cabin. It was a great time and the weather was perfect. Pepper even let me pick him up again without getting mauled by him.

We do miss you. You would have enjoyed the Lake Mtka. action this summer. There was only 22 people on the boat for the fireworks on the 4th. They stopped at Fletchers and had Long Island Teas for everyone.

Keep watching over everybody.

“ Dear Carla

We have had a lot of firsts since you left us. We had our Christmas, Valentines and now its your birthday. You are 23 today and as the new social director in town I;m sure you are very busy. Your dedication was yesterday and there were so many people as you would expect. It is a beautiful swing in such a quiet place. (well not yesterday) We miss you more than you realize and it is so tough. Dalton is going to have a playmate and you would have loved that. We had lots of pink around and incense and flowers ,roses,carnations lillies. We all loved you so much and sometimes I don't think you even knew that. It was supposed to rain yesterday and yet the sun was out except for a few sun filledrain drops which we think you were just trying to get our attention. You did! Well birthday girl you have a lovely day until we can celebrate with you -- rememeber we love you.AuntJudie

“ In honor of Carla's 23rd Birthday on June 14th we would like to put in this poem. You are so loved and missed.

Light a Candle For Carla

*We will light a candle for you.
And bless the times we knew.
It will burn bright just like you.
We are weary from the change,
but keep moving on even though it's not the same.
When we are all alone do you hear us call your name?
You filled our lives with wonder.
Touched us with surprise.
We always saw that something special in your eyes.
Through the good times and the bad, we carried on with pride.
We hold onto the love and life we knew.*

“ Carla,

Yesterday your parents held a dedication up at St. Cloud for your swing on the river's edge. It was a great celebration. I am sure you were looking down at us all and beaming from ear to ear. It brought together a lot of your friends one more time to talk about you. We all miss you and wish you were here with us. We then went over to McRudy's Pub and toasted you with some shots of yagameister. The things Chris makes me do. Everytime I am up in St. Cloud on business or pleasure, I now have a place to stop, swing and talk to you.

It will be a great spot for everyone. You keep taking care of my family and continue to watch over all of us.

“ Carla,

I miss you so much I don't even know what to do. I think about you all the time and I wonder what my life would be like if you were still here. I know it would be better; It would be better for all of us. I miss you so much and I wanted to be a part of your future so bad. I wanted to see you get married and be happy and hang out with you more when I got older. I wanted to party with you when I turned 21 and just hang out with you more. I know that it's not going to happen now and it makes me very depressed. I hope other people are coping better than I am. I will be okay until I think about how much I miss you and then I'm a wreck. I wish I could see you and talk to you so bad. I would give anything in the world for it. I love you so so much and there are no words to describe how badly I miss you. I think about you everynight and I pray that you are resting in peace and that I will get to see you when I go. I also pray that someone is looking after you. I love you so much and miss you so greatly.

“ Jason also read the following tribute to Carla from her family.

Our daughter was at best a very mediocre hockey player. Her Uncle Tim and I used to kid her by telling her she could improve her turns by using her stick as a rudder. Her friends, Amy, Sarah and Bri told her that the team needed more players to field a JV team so she gave up 13 years of dance to be with her buddies. She absolutely loved the game, the excitement of hockey people, and everything that makes the game what it is.

Carla's skills were with people not on the ice. She became the mother hen to the very young players. Her specialty was planning and organizing the before game dinners, sleepovers and telling the coaches how to deal with the girls. This was Carla - she was better off the ice than on it.

She graduated and ended up at St. Cloud with her boyfriend, Chris Reinholdz. Chris got the guys together to start a Club Hockey Team for St. Cloud and Carla

Continued what she did best. She managed a lot of the team's schedule, set up the vans and trips, set up fund raising which included work schedules at the Xcel

Center so the guys could help offset the costs and always found the post party after the game. She even tried to talk Husky Varsity Coach Craig Dahl out of some used uniforms - but to no avail. She was very important to the Club Hockey's first team and as a tribute they dedicated this season to her memory.

We are very honored to have an annual scholarship set up in Carla's name for some young lady who enjoys the game. If this scholarship helps in some way to improve your skills but more importantly your love for hockey we know Carla would be happy. Congratulations to this years winner. And from Mark, Peggy, Jake and all of our friends - Thank you.

“ Dear Family and Friends,

We would like to thank Shelley & Tim Berg for establishing a hockey camp scholarship to be awarded each year at the AHS Girls' Hockey Banquet. The award will go to a girl who best exemplifies Carla's spirit and love for the game.

On Sunday, March 7, 2004 at the Armstrong Girls Hockey Banquet, Jason Paurus (former AHS Girls' Hockey Coach) presented the Carla Berg Award to Danielle Hartmann and Stephanie Sessions. We would like to share his tribute to Carla with you.

Thank you again for giving me the honor of presenting the 1st annual Carla Berg award.

Carla Berg played two years for the Armstrong Girls' Hockey team (97/98 and 98/99). She was voted by her team mates JV captain for her senior year. Carla Berg was always positive and always smiling! Every time I picture her I see her smiling. She was always willing to help others out. She was the mother hen of the AHS girl's hockey program. She would take the younger girls under her wing and help them out. One of the many things I will remember about Carla was the spirit she put forth in planning and organizing team get togethers. She organized the JV girls to help out at the Shriners Childrens hospital. She was amazing! There are people that you meet during your life that give you a better understanding of what life is all about! Carla Berg was Full of LIFE, Full of ENERGY, and Full of SPIRIT! She knew the importance of winning and losing but she was way ahead of her time when it came down to the important things in life. Relationships with others, treating others with respect and kindness, and giving of herself not for the benefit of herself but for the benefit of others. I will always remember Carla and her talks with me. She would always say coach I need to talk to you. As I look back I got more out of those talks than Carla did. Carla Berg touched many lives!

PLease continue watching over him and take caring of him. Soon it will be time for all the boats to get out on Lake Minnetonka. “ Hi Carla-

I've known you forever, Carla. You and your family have been so dear to me for so long; Christmas was not the same without you this year. And I have a feeling it will never be the same again.

Thank you for letting me sing for you at your funeral, it meant so much to me.

I never had a chance to tell you how much you mean to me. But I have so many wonderful memories of us growing up together; they fill me with joy. I was that little girl, just a few months younger than you but it felt like years. I looked up to you and admired you in so many ways. You always looked beautiful, you danced like an angel, you were so joyous, full of life, you were that older sister to me that I never had. Man, I admired you so much. There isn't a day that passes that I don't think of you. Thank you for continuing to influence my life in so many ways. You are greatly missed.

“Carla, I think about you so often. I was going through photo albums the other day and found some old pictures from Chung Moo days and your smiling face was in quite a few of them. One of them in a headlock! Then there is one from my graduation party and I remember Martin kept teasing you about your hat and calling you "Gilligan" and you'd keep dishing it right back at him. I remember way back when we used to go to Applebees with our moms and you asked the waitress if buffalos had wings, you still crack me up. I remember one time we were out with Kareen and as usual she was trying to get us to do something we probably shouldn't and your eyes got all huge and said, "No way! My mom would kick our butts!" and we all know she could! :o) Carla, you're a blessing to me every day. I still go out and about every day without wearing a bit of make-up, I know...gasp!! But one of these days I might go for a make-over and think of you, I know you'd love to see it. You are a light and blessing to each day. When I look into the eyes of my two little boys I am remember the precious sanctity of each breath of life and I grasp it and celebrate in it.

My dad is really sick. I thought my boys would have the time with him that I didn't growing up. All in a moment life changes, we had no idea how sick he was and suddenly how immediate everything begins to feel. There are so many personal things I want to talk to you about with this. Somehow through the pain, frustrated helplessness and fear I am feeling, I feel a small bit of encompassing peace in my heart. I don't understand the how or why, but I am holding on to that small bit and remembering that life, love, and family is not just breath but eternal spirit. I sometimes can almost feel your smile in a way, I know it sounds strange. It gives me comfort. Thank you for blessing me and all you touched with your vibrant spirit that lives forever. I love you.

“ Dear MN,

Your letter to Carla touched so many hearts. I want you to know you are not alone. Grief expresses itself in many ways and forms and we have little control over when or how often. “Grief has no Rules”.

What a tribute your letter is to Carla’s memory. She made such an impact on not only her friends in her daily life but on those in her past. We do not realize how our lives effect those around us especially when the time is short. Carla loved to help people. She liked to make us laugh. She liked to make us feel good about ourselves. She would cry with us. She would try to fix our lives. She hugged us. She was always telling us she loved us. She would call to check on us. From elementary school though high school she was always missing class to walk with a friend to the nurse or counselor’s office. She would take her Grandmother shopping for shoes. She would give us support during difficult times. Carla wanted all her friends to be happy and she wanted them to be together. She was always making plans to get friends or family together.

I hope that instead of becoming all consumed in the sorrow of her death, that we can keep her memory alive not only in the memories of the times we shared together but by making a difference in someone’s life. Whether it is just a smile to someone in pasting, a “thank you”, soup to sick friend, listening to someone, telling those close to you that you love them, getting a group of friends together or her personal favorite “helping someone shop”. And when you’re going out of your way to help someone - in the back of you mind say “This is for you, Carla!”

MN, I don’t know who you are or when you knew Carla but if you would like to visit with us about Carla please contact us. Remember that it is a healing process for us too.

You are in our thoughts,

I picked up Pepper not once but twice without getting mauled by him. As you know only Mark really can pick him up. Maybe he is getting use to me. Dear Friends and Family,

We are finding this Valentines Day especially difficult not having Carla here to share it with. It was always such a special day for her. We know you are missing her too. We would like to share with you the following message that our friends, Jeannine & Pat Coyne sent us. Even though it is a Christmas tradition we felt it would apply today.

There is an old Christmas tradition that God sends each person into the world with a special message to deliver, with a special song to sing for others, with a special act of love to bestow. No one else can speak that message, or sing that song, or bestow that act of love. They are entrusted only to each person. According to the tradition, the message may be spoken, the song sung, the act of love delivered only to a few, or to all the folk in a small town, or to all the people in a large city, or even to all the people in the whole world. It depends on God's unique plan for each person.

Dear Carla,

Your message has been heard in our hearts, your song has warmed our world, and your love has brightened our lives. Thank you for your message, your song, your love. You will always be in our grateful hearts and prayers and you will never be forgotten.

They ask about you so much I find myself answering questions all the time. I wish they had more time with you, they didn't know you long but they will never forget you. The night they received the boxes from your parents memories of you kept playing over in my mind, I found it hard to sleep that night. I still can't believe you are gone, and I'll never hear your voice again when I call at christmas, talking for those minutes before the phone is handed off yet again. It went fairly well as your little newpew kept everyone on their toes, However there was a huge hole and we all felt it. “ Dear Peggy, Mark and Jake--As each day of this holiday season comes and goes, I know your hearts are heavy and sad that we no longer have our Carla to share them with you. I'm sure she was always "bubbling" over with ideas and plans to make it a happy fun time. So now you will have all those years of memories to think of and know just how happy you made that time for her. I wish so much that I could change it all and bring her back to you--that cannot be. It is a difficult time and you will get through it--try not to be so sad--she wouldn't want you to be.
We think of you so much--"Chins Up" and our love to each of you.

“ For so long now I've wanted to write something...anything, but I couldn't. I'd sit here in front of my screen with so much to say and nothing to write. Today is the day, I've sorted out my thoughts; when Carla and I were young I always wanted to be her, she was the perfect girl. When I was young I use to have this dream. We would enter a beauty contest or something and I'd always be the runner up and Carla would always win! Well, two nights ago I had this dream again, but this time it was different. This time when we were getting ready together as we always had in my dreams (someone had to do my makeup and we all know Carla was that someone!) Carla said to me, "I don't think I want to go out there." I looked at her questioning and she said, "This time I want you to win and I know if I don't go out there you'll have it for sure!" So, she finished getting me ready and I woke up. What does the dream mean? I don't really know. I haven't had this dream since I was like 12 and it seemed strange to me. I think it was Carlas way of telling me that it will all be ok.

I hadn't seen Carla in a few years and I regret that so much. I love Carla and miss her so much it hurts. Since I found out I've hidden my feelings; tried my hardest to ignore everything that I have felt, but since my dream I haven't been able to. I'll wake up so sad that it's hard to move, I'll find myself alone and unable to stop crying because I miss her so, I regret not spending the time I could've spent with her. Carla I want you to know that I love you!

Mark, Peggy, and Jake I love you all to know always that you're all in my heart and my prayers...

“ Dear Carla,

I miss you so much. I can't think of what my life is going to be like without you. I'm trying to get by, but the only way i can do that is to imagine that your just away at St. Cloud doing what you do and i know that is not true. I think about you all the time and everytime i picture you, you have a big smile on your face. I often wonder to myself if there a beautiful place called heaven, but i know if there is such a place that you would be the first person in line. You were such a good sister and i love you so much. I know that you will be looking down upon me always and i just want you to know that i am grateful to have had a wonderful sister like you. I will always remember you and love you with all of my heart.

“ To Mark, Peggy, Jake and Kevin:

*I have been waiting for the right time and the right words, but I don't know that there are the perfect words to describe my thoughts and love for Carla. I guess Pastor John said it best. She was a tornado, full of spirit and energy, leaving a path and bringing people together. I met her wonderful family whom she adored, and I think of you all very often, and I think of Carla daily. I know she was a friend for life. The kind of person I could have counted on for anything. I turn to her often as I pray, I see her beautiful face and she smiles. I miss countless things about her and our friendship. Together we will all heal, and tears will turn to smiles of her. My dear, dear friend I miss you, and I love you with all my heart. You will never be forgotten, I can't wait to tell my children of the wonderful friend I once had. Love with all my heart, Laurie

“ *Memories of Carla...*

When Chris and Carla first arrived in New Zealand for a visit, I wasn't able to meet them at the airport as I was teaching. When I arrived home that afternoon shortly after their arrival, I was introduced to Chris and said hello to Carla through the bathroom door. It was not until about 45 minutes later that I actually met her face to face.

You see, when I came home, Carla had just finished showering and therefore had no make-up on. She was horrified to meet me without first applying her cosmetics... Now as those who know me are well aware, I too am known for hiding from others until I've "put my face on". Immediately, I knew we'd get along like a house on fire. Vanity enabled us to identify with each other from the get-go. During the rest of their trip, we'd both exhaust Chris and David as we would carefully apply our Estee Lauder and Lancome products before venturing out into the public. It was nice having someone there to support you if your mascara wand was a little clumpy.

Carla was a lot of fun to have here in NZ when my family and friends were back in the States. It was nice to go dancing with her and shopping and just doing girly things with. I'll never forget that STRONG Minnesotan accent accompanied by her bubbly personality that would immediately fill an empty room. My memories of her will live on, making me smile whenever I remember...

“ Carla,

I want to thank you for being such a great friend. The two weeks that you spent in New Zealand was the greatest time in my life. You were always there when I needed a friend, a shoulder to cry on, or someone to laugh with. You were so full of energy and always put a smile on everyone's face. Thanks for all the great memories and you will always be in my thoughts.

“ *Jake & Family-*

Unfortunately I never knew Carla but I had the pleasure of knowing Jake and seeing Carla a few times while hanging out. I want you guys to know you are in my family's thoughts and prayers. We were not made to live on this earth, this isn't our home. Carla is rejoicing as she met her Father and got nestled in her home where she will be joyous for ETERNITY. Can you imagine no more fears...no more crying...and nothing but smiles and love? She is lucky to be experiencing it now. She obviously has lived her life to the fullest and touched so many. That was her purpose here, and she fulfilled it; too bad it just didn't take her longer. God is proud of her and wants her to be with Him..who can blame Him! Peace be with you guys. I hope you find rest and happiness as you begin to overcome this tragedy. I will continue to pray! Jake, I miss you and I hope that smile on your face still shows sometimes!! Feel free to call me any time.

“ *The confirmation class of Robbinsdale United Church of Christ prayed for your lose that very tragic night. I was driving a car load of confirmation kids, my own daughter included, to their confirmation retreat in Alexandria. There was a huge traffic back up on 94, we didn't know why until we arrived. The pastor informed us of the tragedy. We all prayed for Carla that evening, not even knowing her name. I'm sad for your loss. We were but strangers praying for your child. I learned later she was the girlfriend of Val's nephew. Val is a long time friend of mine. She wanted me to write and tell this story. God Bless your family and your precious daughter.*

“ Dear Bergs,

I was so very sorry to hear of your tragic loss. It is my greatest fear that I should outlive my children. My heart goes out to your entire family.

Peggy, when I saw you at the animal hospital today I was shocked. You seemed so "put together". I was afraid to tell you how sorry I was for fear of causing you more pain. I realize that I was simply running away from my own fears. If there is anything I can do for your family please let me know. If Carla was anything like her mom and dad she was a great person. May she rest in peace in heaven.

“ Dearest Berg Family,

On September 25, 2003 family and friends of Carla gathered downtown in celebration of Carla's life. Friends made ribbons and buttons which were sold to benefit the Carla Berg Memorial Fund. Over 500 ribbons were purchased by her friends and community members of the City of St. Cloud. A table was set up in tribute to Carla to display photos and provide guests a scrapbook to sign. The table was staffed by friends and donations were accepted. The night ended as Carla herself would have wanted...over a thousand people gathered in the downtown street to raise their glass in memory to Carla. A toast was presented in honor of Carla's loving spirit and passion for life. On October 10, 2003 friends of Carla purchased a Bench Swing in loving memory of Carla Lorraine Berg. The swing was purchased from the funds raised and donated to the Carla Berg Memorial Fund. The swing will be placed in Munsinger Gardens in St. Cloud, MN. It is our hope that this memorial will bring a sense of peace to your loss and be a beautiful tribute to the life Carla lived with us. Each of us will always remember Carla's love for life in our hearts. She touched all of our lives and we are all grateful for the blessing of her friendship. On behalf of all of Carla's friends and loved ones, I would like to bestow my greatest sympathy for your loss. May you never walk alone in your grief, for we are here to carry you through. We hold your family in our prayers and daily thoughts. If there is any way we may be of assistance to your family, please do not hesitate to contact us. I have been truly blessed by Carla's friendship and I have continued to be blessed by the love of your family. Carla left her greatest legacy here with us...she left the love she had for her friends, so that we may all continue on...loving each other as she taught us to love one another.

She accomplished so much in the little time she had. She was always there if I ever needed anything. She always put in her two cents, even if I didn't want to hear it. We've never met you, but our son Nick graduated with Carla and the class of 1999 from Armstrong. He was tragically killed in a car accident on Feb. 7th, 2003, about 8 months ago. Please know that our prayers are with you...we too know the anguish of the sudden loss of a beloved child. God will give you the strength just when you need it to get through one hour, one day at a time. Don't ask any more of yourselves. Let others carry you now. It helped us when other bereaved parents told us that we'd get through this. Hold on to that. Carla will be forever in your hearts, and it sounds like she touched the lives of many people who will never forget her. God be with you as only He can. Our hearts reach out to you.*

“ To the Berg Family. I am deeply saddened to hear of carla's death. I was friends with her in high school sharing many classes with her. I know how it feels to lose someone close. My father died in 1998 (the year I graduated from Armstrong) in a hunting accident while I was away at college in Lincoln Nebraska. It was the worst thing imaginable that could happen to our family. I am just happy to know that I will see my father again someday as well as Carla. She was a wonderful person who was able to brighten up my days even when I was down. In the Bible it says that God will take good people off this earth towards the end of the world, so that they dont have to suffer through the final days before Jesus second coming. I believe thats why my father and Carla died so young and sudden. My father was the only one in my family who we all knew was right with the Lord as well as others when he died, which made me at peace knowing that now I had the chance to change my ways so I could see him again. again,I am very sorry to hear of carlas death, I was home on sept 25th when I heard the news. I will keep praying for your family, but just remember that you will see her again in a much better place where there are no more tears.

“ I was blessed to have met Carla only a short time ago, and I'm thankful of every minute with her. I wrote this the day I found out she was gone, to Carla, her family, and her friends:

A PROMISE TO CARLA

*"I just met you, and I already love you"
The words exchanged with my new friend
I never thought the night we danced,
Your beautiful song would end.*

*You crazy blonde, you made us laugh
And warmed us with your smile
So beautiful to the core you were
So full of grace and style.*

*Thank you for all you said
For all the ways you made life better
My friend you became that night
My friend you'll be forever.*

*It doesn't make sense
It's just not fair
The ones you left are hurting,
Wishing you were there.*

*I'm so sorry, I'm so lost
My new friend was taken away
To all who love her, I ache for you
And wish for words to say.*

*Where words cannot bring solace,
And I can't bring her back
When it seems impossible to ease the pain,
This promise is all I have:*

I promise to honor Carla

*To think of her every day
To keep her in my heart forever
Wouldn't have it any other way.*

“ Dear Peggy, Mark and Jake,

Carla was an amazing young woman. She was a shining star to so many lives.

Jim was explaining to me the confusion many Armstrong parents had as to his connection to the Bergs. He said, "Mark is like a brother to me". I replied, "He is your family as Carla, Jake and Peggy are too".

All of us Corbett's are blessed to have the Berg's as part of our extended family. What a compliment to all of you!

Please know you will all be in my prayers. I am so sorry you are hurting. I hope your days will soon be filled with more happy reminders of Carla than sad.

When I am asked how many siblings I have I continue to say I have 3 brothers. You will always have a daughter. She is as much a part of you as the air you breathe.

*Love you,
Cathy Corbett and kids.*

“ Dear Mark, Peggy & Jake,

Having experienced the loss of a child we know firsthand the many feelings you are dealing with now. Though there is nothing we can say that will lessen your sense of loss you must at the same time feel an immense sense of pride. This beautiful, vivacious young woman was your work of art. As time goes on and you relive these past few days, you must surely take pride in the many lives that she touched & the number of people who felt a special bond to her. Each and every one was a tribute to a very gifted and caring person and in turn to you her family.

We cannot begin to understand why these things happen, we can be grateful for the time we had with such a special person. You will not forget these last few days but you will as time goes on, remember more of the good days you were able to share. Your strength as a family will be your greatest comfort. Carla will always be your joy and she will remain forever young in the hearts of all who knew her.

*You are in our hearts and prayers,

“ I cannot believe something like this has happened, it is just so unbelievable.

Carla and I grew up dancing together at Summit. We went to school together and were very close until I moved away in 1996. She threw me a going-away party, and even came to visit me after I had moved (one of the few who did!). I just cannot believe that she is gone. I'm shocked and speechless. She was much too young. I guess we're all not as invincible as we think. Something as tragic as this should make each one of us appreciate what we have. I wish I could say that Carla and I had kept in touch over the years, but life always seems to get in the way. I will always remember those Summit years, the ski trips freshman year, and her visit down here to KY. She will be missed!!!!

I remember her always smiling with innocents as well as having a wild side, much like myself. I think that's why we always got along. I will miss her greatly. “ I'm so shocked that I don't even know where to start. I went to school with Carla. We were friends in middle school and talked some in high school. “ Dear Peggy, Mark and Jake,
What a beautiful tribute to Carla at her visitation and funeral. Pastor John stated it so well when he said Carla had connected so many lives with her vibrant personality and brilliant smile. She definately got the full gusto out of life and she wanted everyone to have it along with her. Jim and I were so proud of Jake as he expressed his feelings and showed his love for his "big" sister. I am sure she was looking down on him with a big grin and saying "that's my little brother, he's the best!"

“ Doyle taught martial arts to Carla for a short time when she was 12. She quit, but, because Peggy continued, we had opportunity to watch Carla grow up. As a teenager, she wasn't always right (who is?), but, she was always energetic and loving, and we came to care for her dearly. It gave us great joy seeing her grow into such a wonderful young woman. This tragedy is a huge loss to all of us. We will miss her a lot. Peggy, Mark & Jake, our thoughts are with you.

“ Mark, Peggy and Jake,

I am stunned. Michelle Reger sent a note to HoH members on line, and I am reading it late tonight, Sept. 22. My heart goes out to you and all of Carla's friends...

I met Carla at your door one day last fall; she was home to "watch your house," as you were out of town. Lawn signs kept disappearing from your yard, so I was knocking about replacing yet another sign. I was dazzled by the young woman who answered your door, as we had never met. Her smile was incredible, and her gracious encouragement of my efforts impressed me, since she was really so very young.

She was clearly a "heads-up" girl, something very obvious to me in mere moments meeting her.

We compared notes and realized we both knew the Wheling family, so we then chatted about her friendship with Liz. Throughout our conversation, I was taken by Carla's positive nature and her genuine encouraging comments for me.

Please know that the comments you're reading here from friends, acquaintances and even strangers are but a fraction of the impact Carla has had in people's lives, I'm sure. If she touched me in only a four minute conversation, at tops, you can be assured her impact will be felt in circles you will surely never know.

What a blessing that so many of us had a chance to even meet her.

My sincerest condolences to you.

“ Dear Mark, Peggy and Jake,

We are so sorry about this tragedy. Carla had more life and energy than anyone else we know. As our daughter Krista said, she was ALWAYS a ray of sunshine, and it was contagious. I will always remember our lunches at Applebee's and how Carla and my brother Martin would tease each other. (He met his match with her, as she could always dish back what he was dishing out.)

I wish so much we could be there for you guys. Be assured there are lots of prayers coming your way in hopes of giving you all the strength you need.
