“ I will forever treasure my relationship with my Grandma Forseth. I am a better person because I had her to touch each day of my life. I could never give back to her all she gave to me. All I can do is teach my own daughter what she has taught me. Be strong, family comes first, go with what feels right and of course, act like a lady. Grandma, I miss you so much already. My life feels strange without you here to share things with. I now have you in my heart to be with me everyday for the rest of my life. I love you. Julie
