“ Tom:  
Kathy and I were very saddened to receive the notice that Carol had died. It was a surprise and a shock. We have such pleasant memories of you and Carol sharing meals and conversation with us at conferences and the annual MnDOT Christmas Luncheon. Her presence, smile and enlightened conversation will be missed. We have included you in our prayers ever since we received the news of Carol's passing. We can not imagine how hard it must be for you and your children at this time. We have talked about and thought about you often during the past few days.

“ Dear Tom,

*My heart is aching. I am so sorry that Carol is not with us here on earth any more. We all know she is in a better place, but we are also selfish. We want her here with us....because her friendship was so gratifying. Carol and I didn't visit often, but when we did our conversation was soooo good. Carol gave me good information about doctors and shared her information as a good friend. Carol was special to me. I liked our warm friendship.*

*In our lifetime we have only a few very special friends, friends who are there when we need them, friends who accept us as we are. Carol was that kind of friend to me. I am so fortunate to have had her in my life.*

*God bless you with strength during these difficult days Come visit us or call when you would like. Just drop in without calling first. You are welcome anytime and we would like to share your life with ours.*

*My sympathy to Jeff and Kari. I am thinking about you now as you struggle with feelings and memories. Your mom was a loving person to many people. I didn't know her when she was a nurse, but I can't help but think she must have been a wonderful nurse! May God give you strength as you face the future without your mom and warmth when you remember the good memories.*

*Love ..... and hugs of comfort.  
Maxine*
