“*Carrie was a good friend of mine at Hamline. We had many, many fun times together, especially in the house we lived in my senior year and with the local sorority she helped create, Alpha Gamma Epsilon. I cannot believe she is gone and wish to convey my deep sympathy to her children and family. Les Kimes*

“*My deepest sympathy to Carrie's family. She was my next door neighbor from the summer 7 Jaclyn was born. I recall so fondly the better days when you children were young and how you all played and laughed with your mom. Through the trials and troubles and sadness the family and Carrie endured, the one steadfast part of Carrie was she loved with all her heart her children and only hoped the best for them. As you all continue through the rest of your days on this earth always carry with you her unwavering love. My prayers for you.*
