“ I have so many cherished memories of my best friend Cassie that I could write for days on end. My beautiful gifted funny fiery friend and I met in 1982 at my very first job post college. We clicked immediately even though I was this sassy 22 year old Virgo ♍ from New Orleans and she was this chill but fiery Aries ♈ 12 years my senior. We bonded over astrology, metaphysics, food, black pride, music and soap operas! 🤔🤔. Through good times, hard times and unbelievable times Cassie was my light and we always shared experiences that others could hardly believe. She was my maid of honor at my wedding, the birth of my first child and with me through the overwhelming disaster of Hurricane Katrina. I loved this woman beyond measure and as I mourn her passing I also celebrate her life and will forever cherish just how much my life was blessed by her presence. 🙏🕊️💜💖💖 So to Payton and all her family friends know that her spirit lives on and that she is smiling down on us all. May God grant us peace comfort and healing as we navigate her transition to the ancestors. 💜💖🌸🌸 Asé and Amen.
