“ We were so sorry to learn of Charleen's passing. We will not be attending the memorial service due to medical issues. We have such wonderful memories of trips taken with her and John and the time we spent together, such great friends. Our sympathy to all her family whom she valued so deeply.  
*Stan and Hazelle Gordon*

“ *Charlene was such a gracious and caring person; her family was her life! I met Charlene very few times but felt a "tie" with her throughout the last 50 years. Her husband John worked at GMI's East Hennepin Labs where both my husband John and I worked. Their daughter Roxanne became special to us as well when she worked at a dental office where we were patients -- another caring Louis family member. Charlene and I communicated by phone and mail regarding her attempts to attend the annual brunches. I'll miss her but she left good memories and quite a family legacy. Our sympathies to you all.*
