“ Uncle CJ was always the brightest light when he walked in a room. He always made everyone smile and he talked mess when you cheated him in cards, cause he never lost, others cheated. He was taken away from his wife and family way too soon. He will never be forgotten and will always be loved and cherished forever in our hearts. He helped mold the men around him and was just the most genuine man ever. I will always love you Uncle Clarence, you made me feel accepted and I appreciate you being a big part of Kirby's life. You were the uncle that always gave the kids money when you came around and had great memories to share. This loss we will never recover from. Until we meet again, rest easy.

“ It was always a good time with Uncle Clarence around. I will miss his jokes and his wonderful energy that filled the room. I loved seeing him talk trash to My pops and grandpa over dominoes or pitty pat. You are dearly missed but your character has carried on through the younger generation and for that you live forever through us.
