“ You mother sounds like an amazing and lovely woman. Reading about her helped me to understand where you get your zest for life and the positive energy you posses. I would imagine that you will miss her deeply. Thinking of you in your time of sorrow.

“ Today we will say goodbye to Cleone, 90 years such an amazing accomplishment. Cleone was one of the remaining fully Norwegian American descendants. Cleone passed that 100% norsk heritage along to her children by marrying Gordon.

*Cleone enjoyed her children and her grandchildren beyond measure, I enjoyed seeing them through her eyes. Thank you Cleone for Sheldon and embracing our union. Enjoy Heaven.... see you again.*

“ I so enjoyed visiting with Aunt Cleone in Woodland Park in Kalispell MT a few years back. She was always a lady and someone I highly regarded. I know she will be missed. She has been so courageous throughout her medical problems. She really helped keep the family in touch through the "Family Letter."

“ Dear Cousins: Your Mom was an inspiration to many, especially women. I loved her outspoken opinions, her love for life and her inspiration in others to enjoy the arts, no matter what talent level one may possess. I have many fond memories of her, your Dad and you as my cousins. Love and best wishes, Your Cousin Bethe Brekke

“ We have great memories of years ago when Cleone and Gordy stopped by the farm to visit and stay with us. This was during their time off from duties in Japan. It was always a happy time with good conversation, good food and lots of laughter. I think there may even have been some music on occasion. We will cherish those memories.

“ We all have wonderful memories of Cleon. We spent a wonderful day with Gordie and Cleon some years back when we stayed at Barb's home for the September Thanksgiving. They drove us all around Minneapolis and we got to really enjoy our two on two time with them. She/they will be missed. Our thoughts will be with you on November 18.

“ As a Bolstad family niece, I will especially remember Auntie Cleone as the last of our parents' generation. Auntie was the youngest of the eleven Bolstad children. My mother, Hazel Bolstad Lessor, was second to the youngest and she and Cleone spent significant times together throughout their lives. One remarkable time was Hazel and Bob's 6 week visit to Cleone and Gordon in Japan in the 1960s. Dave and I heartily enjoyed Auntie's stay with us in Bigfork in the summer of 2007, where, standing in for my mother, she took a full inventory of my accomplishments! And, lucky for me, she pronounced my choices as good! If Hazel were writing this, she would add the image of a heart, to show that her sister remained in her heart. So I'll do it for her. Goodbye Little Sister, goodbye Auntie.
