“ *The last few days still seem unreal to me. We went through our times of being close and our times of being distant and through it all I knew I could turn to you at any time. While you had this tough exterior to you, you definitely had the soft side that no stranger would ever expect to see come from you. I am incredibly grateful for calling you a friend over the last 9 years. Thank you for every laugh, smile and hug. You will truly be missed.*

“ Colin!

You will be missed very much. You were a good friend, teacher, brother, instructor, and a comedian. You always made me laugh, and you were always there for me when I needed a friend to talk to. I will never forget the day of graduation at South High School 2002. We sat together and we walked together. When the principle announced, "Congratulation - Class of 2002." Colin and I threw our hats in the air, and amazingly. Both our hats came back to us. We looked at each other, and thought that was a weird moment for us. During that moment we said to each other. "We did it! We graduated from South High. I can't believe we made it through High School."

Colin and I had class together, as well being in the same band for 2 years and playing the Baritone together. At concerts and Marching Band. We had a lot of fun, and I will never forget that. Colin was my Karate instructor at National Karate - he was the best damn teacher, and he worked really hard to help me move on up, to my next belt.

I miss you very much buddy. My sympathy to the Wilder family as well. He will always be in my thoughts. Rest In Peace - My Friend.
