“ My Aunt Susie was always so warm and welcoming to me. As a child I always felt like she was one of us, because she wanted to play with me and Jenna, not just keep us out of trouble. My childhood memories of her actually made me a favorite babysitter in my community because I wanted to play with the kids I would babysit in stead of just keep them out of trouble. As an adult she made me feel like a child all over again in all the best ways! She would make up the silliest and most imaginative stories about an interaction between two strangers that we happened to see at a stoplight, and she had everyone smiling and laughing no matter what else was going on. I'm grateful for her influence on my life and will proudly carry it forward in her honor. Love you Aunty, Molly

“ *My heart nearly dropped to the floor when I heard of Sue's passing. My condolences go out to her family and friends. She has been my best friend since I met her back in 1978 (I believe) when we both worked for Hennepin County Medical Center. I was the driver in our carpool so we always had something to talk and laugh about regarding our work days. She spent many hours with me when my daughter was a baby and I was so proud to meet her Jenna when she was a baby. Sue was so happy to have Jenna in her life. There is just so much I would like to say about Sue and all of our memories together. She was my traveling buddy. The two trips I remember the most were to Phoenix, Arizona and to Florida, several places we visited there. I could nearly write a book about Sue and our fun times spent together. She could always make me laugh at the weirdest things. I miss her dearly as tears come to me while writing this. She will always be in our hearts.
Love you Sue. Debra (Donahue) Larsen*
