“ I was very saddened to hear of Cindy's passing. I met her first when she worked at Lincoln School as a paraprofessional. A few years ago I also stepped in to sub for her at the high school library at various times. What a treasure she was to those who knew her. Such a love. She and her family are in my prayers. “ I meet Cindy at CCHS. We seemed to just click. Maybe because we share the same Great Name! We worked as Paraprofessionals at the time.

We built a relationship of trust and confiding in each other. We knew that we could go each other when we needed to vent about something. We would say "Keep that Under Your Hat" We had as much fun as could be had with our position as Paras.

As the years went on, I moved into an office position and Cindy into the Library.

We were both in the building early, Cindy would stop by to see me in the office and chat for bit and then move on to see what fruit they had out for breakfast.

Sometimes she would report back!

I have too many stories, but most of all I want you to know Cindy has been missed and will continue to be missed, as she was my best friend and my go to person at work.

And when not at work, although we did not get together very often, but when we did, it was always lots of fun!

I loved her and counted on her for many things!

My memories of her will last forever.

Thanks for doing a webcast of the service and if you can think of anything I could help with for this side, please do not hesitate to ask

Yours,
Cindy

I meet Cindy at CCHS in her library. She kept it clean and beautiful. Cindy was strong and beautiful. I loved talking politics with her, she was very passionate. Cindy was outgoing in the things she was passionate about. Her smile always made me feel better. Cindy and I both love swimming and I invited her over for a swim. Cindy will truly be missed. What a incredible lady.

“ I’m currently out of country for work however Cindy was an amazing dear friend of mine for the past 14 years now. I first met her when I was a Freshman back where I went to school in Cañon City high school. I had a massive operation done and even though it was hard on 14 year old me Cindy was always there and putting a smile on my face.

One time we got into school together to just pull a prank on one of the teachers there by hiding small figurines throughout his entire room in the High school. Then if we weren’t pulling pranks we’d often discuss some of our favorite kinds of wine and she even gifted me two bottles for when I did graduate that high school.

She was one of my truest of people and never ceased at making me smile. So gentle but could become protective when she needed to be. We often talked about her dogs and her other family members who truly did mean so much to her and all I said to her once was “You truly have everything you could ever want in this life and that’s being loved and appreciated either by family, friends or our Fur Friends.” She always signed my annual whenever she got the chance. I still keep the letter she gave me from 10 years ago when i graduated she meant so much to so many of us. I love you hun always will. Be seeing you some other time in this life.

“ Dear Kline Family: We are so sorry for your loss. We became friends with Cindy in Washington in 1989 and had been friends ever since. In addition to being so creative and artistic, she was a born teacher. She taught me how to make beaded earrings and jewelry, tie-dyes, and was a fantastic cook who happily shared her recipes with us. We enjoyed many camping trips with her and Jack, as well as weekend trips around Washington, Colorado, and Utah. Cindy also expanded our musical tastes and was always up for a party. Two of my favorite memories are of her jumping up and down on my bed in her Fairy Princess costume on Halloween, as well as our many trips to the Gem Show where we would just gaze in rapture at the crystals and especially the amethyst.. We will miss and love her forever. Karen & Randy Garland, Tucson
