“ *My heartfelt condolences to Dale's family. I loved working with Dale at Entrust Datacard. Dale routinely got my ailing Datacard Printers up and running. Helped me out of many of a jam, and always with a smile and wit. I definitely miss him.*

“ *I worked with Dale at Datacard for years. I am so sorry to hear of his passing. I work in a different department than test where Dale worked. If I was having trouble with equipment or had a question, Dale was who I would always go to. He was always helpful and so cheerful. I've missed him since his retirement but was happy he could finally get away from the work world. I don't know any of Dale's family, but if he left a hole in my Datacard day, I can only imagine how much he is missed by his loved ones.*

“ Jean, I am so sorry for your loss! I have so many great memories of Dale and you as I grew up in the car club. My most memorable memory, was standing along side Dale as he put the racing engine into my AMX.

All my thoughts and Prayers are with you and you family during this difficult time.
